End of 2021 Session report from Mr. Jim Durham, the City's Lobbyist.

As provided by our contract, Mr. Durham will provide a report on the legislative activity during this session. At the time of the preparation of this agenda the Governor still has a few hours in which to approve or vetos bills. However, by the meeting date that time will have passed and he will be able to provide a run down of all of the bills and the final status of each.

Update: We have now received Mr. Durhams final report. It is attached for review and discussion.

Mr. Jim Durham, Lobbyist
