Presentation on Show Me Heroes Program

Issue/Request:
Presentation on Show Me Heroes Program

Key Issues:
The City was recently provided information about the Show Me Heroes Program through the State Of Missouri. This program provides an incentive for Missouri employers to hire and retain Veterans. Mr. Wayne Woodworth, Veterans Representative for the Departement of Ecomonmic Development, Division of Workforce Development will present details and specifics about the program and advantages for employers.

The City has enrolled in this program and will participate when it meets the City's best interests.

Proposed City Council Motion:
NA

Background:
The City currently has budgeted 767 FTE postions for the 2016-2017 budget year. We have a good representation of Veterans currently in our workforce and this program will provide access to additional qualified Veterans.

Presenter: Denise Kelly, Director of Human Resources

Recommendation: NA

Committee Recommendation: NA
