Discussion - 5th Terrace Project and Alternate Capital Improvement Project Considerations

Issue/Request:
Discussion - 5th Terrace Project and Alternate Capital Improvement Project Considerations

Background:
The City Council Public Works Committee has requested reconsideration of project priorities, in particular the 5th Terrace Project among the list of Capital Improvement Projects developed when the 5th Terrace Project was recommended and funded by City Council in 2016. The discussion may clarify project alternatives, previous goals established for project priority, information about 5th Terrace Project and other projects that remain unfunded. The discussion should either confirm the 5th Terrace Project priority or identify a higher priority project in lieu thereof for further consideration by the City Council.

Presenter: Michael Park, City Traffic Engineer
