Subject: Committee & Liaison Assignments

Mr. Mayor,

Per Section 3.4 of the Lee's Summit Charter, I am submitting for your inclusion on the next agenda, and for the consent of my fellow CouncilMembers, the following Committee Assignments:

Community & Economic Development: Forte*, Carlyle, Edson, Moreno

Public Works: Binney, Faith, Edson, Mosby*

Rules: Binney, Carlyle, Seif*, Mosby

Finance & Budget: Forte, Carlyle*, Seif, Moreno

Legislative: Binney*, Faith, Edson, Mosby. (Rhoads-ex officio)

Communications(ad-hoc): Forte*, Carlyle, Seif, Mosby

An * after CM's name indicates the Chair.

I believe we have an energized Council and don't expect that we will have an issue with committee attendance, and am not naming alternates at this time. If it becomes an issue w/meetings being cancelled for quorum, we can revisit.

I would propose that we amend Ordinance 7452, and incorporate the remaining roles of the Environment & Natural Resources Committee, into the responsibility of the Public Works Committee.

I am asking each of our experienced CouncilMembers to Chair a Committee this year. I have also worked hard to take into consideration all of the comments, thoughts, suggestions, requests, etc of all members of the body, in making appointments and tried to find a blend of interest and experience for each person.

I would also submit the following Liaison Assignments:

Arts Council-Faith

Bi-State Commission-Binney

Board of Aeronautic Commissioners-Edson

Downtown Main Street-Forte

Chamber of Commerce-Rhoads, Arbo*

Economic Development Council-Rhoads, Arbo* Health Education Advisory Board(new)-Seif

Historic Preservation Commission-Faith Housing Authority-Moreno Lee's Summit CARES-Edson

Lee's Summit Social Services(new)-Seif License Tax Review Committee-Mosby** Liveable

Streets Advisory Board-Moreno Market Center of Ideas(new)-Mosby Parks & Recreation-Forte

Public Safety Advisory Board-Faith Water Utilities Advisory Board-Mosby** Youth Court-Carlyle

* notes positions required as part of Public Service Agreements

** denotes position as Chair of Public Works Committee(each meets 1x a year)

(new) indicates a new 'liaison' role. The Market Center of Ideas was a prior ad hoc committee, and now operates as an independent board.

While there are no formal rules for how to be a liaison, my experience has taught me that being there to observe and listen to the groups, participate if asked, and provide opinion/feedback if needed, without speaking on behalf of the entire Council is what most of these groups want. You will be able to report back during Council round table if there are events, news, or sometimes questions where they might want guidance from the full Council. These are groups made up of volunteers in our community, who give their time and effort to make our City a better place.

I greatly appreciate the patience from the Council and yourself during this process and would ask for your consent.

Respectfully,
Rob Binney

Steve-I would ask that you have staff please post and share however they would when updating an agenda, including sending this information to any outside interests that are normally updated of our agendas/information.

I would also ask that you please notify each of the Department Heads or Staff Representatives to each of the Committees and please have them update their contact information, rosters, and ask them to reach out to each of the Chairs for scheduling purposes. I would also remind them to please be sure and note that CM Mosby and myself have had recent email address changes.
