Sunbelt Rentals
20 SE 29th Terrace
Lee's Summit, Missouri 64082
Special Use Permit

Christina,

We respectfully ask that we are able to modify the requirement in Section 10.450.B.1 that requires "structures and vehicles for sale, lease or rental, must be set back thirty (30) feet from all property lines..." to fifteen (15) from all property lines so that our proposed gravel storage yard will line up with the existing storage yard.

If there are any questions with this request, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Matt Crossland".

Matthew T. Crossland
Civil Engineer, E.I.T.
