1. PUBLIC COMMENTS:

Mr. Dale Coy posed the following questions regarding Bill No. 17-106 (most were answered at the time the bill was ready by Councilmember Binney):

"Bill 17-106 -- Add VoteCast and Meeting Efficiency Suite to Legislative Info Center.

At the present time, the Legislative Information Center is essentially a structured filing system. The proposed additions are a fundamental change, which will control what can and cannot be done during meetings.

City Council - Regular Session

Action Letter

May 18, 2017

Please note that I am not opposing this addition to the Granicus software - These are just questions that occurred to me while looking at the supplied material and the Rules Committee meeting video:

1. Will this mandatory framework make things easier for the Council, Mayor, and individual Councilmembers? And is this the way the Council wants meetings to run? How/when will the Council decide if the Meeting Efficiency Suite and VoteCast are acceptable?
2. How will VoteCast work in the event that a Councilmember's computer is broken or not available?
3. The "Citizen Participation Suite" was listed as a major benefit in the March 1st presentation by Granicus to the city? Will Citizen Participation be implemented?
4. Will the applicable advantages of the Meeting Efficiency Suite be used by the Council Committees, Boards, Commissions, Parks & Recreation, etc.?
5. Will the VoteCast system enforce
 - a. The current Charter requirement that the Mayor shall have the right to vote only in case of a tie?
 - b. And will it, after the 2018 election, enforce the Charter requirement that the Mayor must vote and shall vote *LAST*?
 - c. At what point will the Mayor be able to see the votes of individual Council members? (The charter does not define "simultaneous electronic display" wrt Mayor Votes Last)
 - d. And will VoteCast properly handle the Mayor Pro Tempore's voting if the Mayor is absent?
6. Will LiveManager allow changing the order of agenda items? Adding motions?
7. Will LiveManager provide for adding exhibit materials presented by speakers during the meeting? And copies of such materials provided after the meeting is closed?
8. The "Presentation on options" attachment says "Next Day minutes". Does this mean that the (draft?) Action Letter will be publicly available "the next day" in the Legislative Information Center?"

2. COUNCIL COMMENTS:
