Why interested: I am interested on serving on the Community Advisory Committee for the Health Care Foundation of Greater Kansas City. I believe strongly in making sure the Board of the Foundation is focused on the Health Care issues that are most impacting not only Lee's Summit, but our neighbors as well. Both the Foundation and the CAC have been lacking representation for the Senior Community. With the Medicaid &; Medicare cuts that are coming, our Seniors will be greatly be impacted and great a much larger demand on local health care resources. I am well versed in the Medicare ACA changes and their impacts on readmissions to hospitals and skilled nursing communities. In my role as an owner for in home care for seniors, I am closely tied with the health care issues impacting this area and have a large network of other health care providers to help keeping on the latest issues and concerns.

Other participation: I am on the Board of Jackson County Professionals in Aging, I also am a 2nd term Chairperson for the Lee's Summit Chamber Health &; Human Services Committee. On the home front, I am involved in my oldest daughter's Jr. ROTC unit at LSHS as the Booster Club secretary and my youngest daughter's Girl Scout troop as an assistant troop leader.
