Interest Response	<p>My interest in serving on the Human Relations Commission includes my love for my community and wanting to always make a difference in the lives of the underserved and impoverished. I have spent over 30 years diligently serving those in need, it has always been my passion and I enjoy every bit of it. My experience includes my work with the homeless, mental health population and those fighting addiction. Every year I would make a trip to Jefferson City to advocate for the homeless and ATR (Access To Recovery) program for those suffering from addiction issues. I am very familiar with resources in Missouri and have strong relationships with many of those not for profit organizations.</p>

I offer my love for Lee's Summit, wanting to help meet those needs that are coming up in the community and giving a new point of view to conversations.

Other activities?

I attend a couple of monthly ministerial meetings and monthly social service meetings throughout Missouri.
