Why interested: I am interested in serving on the Human Relations Committee for several reasons! I believe in equal rights for every human but I have been on the other side of it and experienced pain that I never want another to have to experience. As a black woman, business owner, wife and mother to two biracial sons (3rd grade and 10th grade), I am extremely passionate about human rights and being united. I want to do my part for our beautiful city on this issue. I want to be a part of finding that way that everyone can live together without issues just because of the color of someones skin or their religion or even social status. I want to be a part of a group that brings everyone together, listens to all the issues and finds a solution that is wanted by all.

Other participation: This would be my first activity to participate in besides the things I do with my church Abundant Life all year round and as Lee's Summit West newly appointed Booster Club board member. My family and I volunteer throughout the year as well as donate items to different causes.

Interested in serving on: Human Relations Commission ,Special Ad Hoc Committees
