**screens**

**No roof penetrations, attractive, code compliant and long lasting...**

Envisor® equipment screens offer architects the flexibility to create affordable, elegant, **customized screening solutions** that blend into the overall design, all with **no rooftop penetration**. Our patented roof screen system provides practical solutions for **municipal screening requirements** of HVAC units, chillers, air handlers, power exhausts, roof stacks, communication equipment - you name it!

**System Features**

- Vertical Screen
- Louver Panel Design
- Cove Top Trim
- Panel Color: Oyster
- Top Trim Color: Terra Cotta

U.S. Patent No. 5,664,388  
U.S. Patent No. 7,000,367  
U.S. Patent No. 7,707,798

**Step 1: Choose a Vertical or Canted System**

VERTICAL

CANTED

Envisor screens are the perfect alternative to parapet walls and they satisfy even the strictest screening code requirements. Both styles feature our patented attachment method, which secure our screens directly to the equipment with no rooftop penetration. Screen heights are available to screen virtually anything you desire.

## Step 2: Decide on a Panel Style

Panels are available in 5 standard styles allowing you to control the project without sacrificing the essential elements of the building design. The panels are constructed of thermoformed high impact ABS with co-extruded UV protective layer on both sides. The panels are held firmly in place using a rust-free, double tracked aluminum rail system. This enables the panels to slide side-to-side for easy access to the unit during servicing and maintenance. Don't see a panel that fits your project? Tell us and we'll make one that you design.

## Step 3: Select a Top Trim (optional)

Decorative top trim options offer the flexibility to further customize the elegant appearance of the screens by **picking up on your building design elements** and incorporating those details into the screen itself. Although optional, they offer one more way to make screens part of the design, not part of the problem. We can manufacture any size and shape top trim you create.

## Step 4: Pick a Designer Color

Our designer colors complement most architectural applications, but don't let standard colors limit your creativity. We have the ability to match to any cross-referenced color specifications. Send us samples to match. We've even matched a color to a rock! Colors are only approximate. Please call for actual samples.

## Step 5: Custom Designed Solutions

TOP TRIM ADDED

CUSTOM PANELS

MULTIPLE UNIT SCREENS

Our panels are designed to slide side-to-side in either direction for easy access to the equipment for servicing and routine maintenance.

## Equipment Vendors

Commercial HVAC and Chiller Equipment Vendors who have installed Envisor Rooftop Equipment Screens include:

Trane	Hussmann
Lennox	Airwise
York	Bryant
Carrier	McQuay
Heil	BAC
AAON	Hill Phoenix
Liebert	American Standard
Rheem	Munters
Reznor	Engineered Air

## Retail Clients

Some of the clients utilizing Envisor Rooftop Equipment screens on their HVAC and Chiller Equipment include:

Aldi	McDonald's
AMC Theaters	Meijer
Avis	Mobil Oil
Best Buy	Muvico
Blockbuster	Rite Aid
Costco	Sam's Club
CVS	Sears
Hertz	Target
Home Depot	Walgreens
Kohl's	Walmart
Lowe's	Wendy's
