PAYMENT TERMS

- 20% Deposit
- 30% On start of fabrication
- 30% on receiving and proof of delivery of propulsion
- 20% on Completion and factory acceptance, Parry Sound, Ontario, Canada prior to shipping

Notes to PURCHASER, Lee's Summit, Missouri:

Manufacturer's Factory Testing: PDI, test-fire engines and calibrate gauges. Marine trial (basic sea trial) to be concluded prior to release by Stanley Aluminum Boats, in Parry Sound, Ontario, Canada.

Integrated Logistics support: complete Owners Manuals to be provided for all supplied equipment.

Final electronics choices (if any) must be made early: contact GM Rod Soucie or Sean Prokopec, Project Manager: 705-746-5875, sean@connorindustries.com. Additional optional equipment, if any, to be priced at time of installation. Purchaser to authorize as required.

***Manufacturer's Warranty: aluminum hull warrantied for 10 (ten) years to cover hull construction defects and/or hull material defects, if any.**

Completion: the vessel(s) will be completed and ready for shipping within 12 (twelve) months of signed contract and deposit, OR SOONER; factory testing and sea trial completed. We will expedite builds for public safety agencies whenever possible. Visits to the plant during the build are welcome but must be pre-approved by General Manager Rod Soucie. For progress reports during the build, please contact Project Manager Sean Prokopec.
