E. [2020-3458](#) Discussion item - Infill and Redevelopment Policies

The Committee discussed the issue of infill and redevelopment areas in the city, especially in the older parts of Lee's Summit. They would like the city to become more proactive rather than reactive in addressing these problems that include sidewalk, curb, street and sewer improvements. The major challenge is how to fund improvements in areas lacking economic development opportunities.

Staff suggested the City's Comprehensive Plan, Capital Improvement Plan and Strategic Plan can identify areas that have impediments and would be a good starting place. Councilmember Faith added the City is looking at a Stormwater Study that could also provide information.

The committee agreed and asked staff to review this issue and look for potential funding tools or cost share ideas as possible solutions/policies to bring forward to a future committee meeting.

6. Roundtable

Committee Roundtable:

Councilmember Faith stated he appreciates the committee discussing the infill and redevelopment topic and encourages continued conversation to include synergy with other council committees.

With the current health issues, Chairperson Forte expressed a concern about the need for a Public Health Department along with a need to address the increasing homelessness in the community, especially in the downtown area. Mayor Pro Tem Lopez stated he discussed this topic with Mayor Baird and City Manager, Steve Arbo, and both agreed this is a timely subject, and recommended assigning these topics to the LSignite C4: Community Health and Well-being group.

Staff Roundtable:

Mark Dunning, Assistant City Manager, stated the City has received an additional \$219,000 in CDBG funding through the Cares Act, and needs to review the CDBG plan to determine what qualifies under the funding and how it can be used. Because there are deadlines to this funding, a special meeting of the Community and Economic Development Committee may be needed prior to the regular scheduled meeting next month. Ryan Elam, Director of Development Services, added because these funds are directed through HUD, there may be some restrictions on how the funding is utilized.

7. Adjournment

Chairperson Forte stated the next meeting of the Community and Economic Development Committee would be June 10, 2020. There being no further business, Chairperson Forte adjourned the meeting at 5:59 p.m.
