Committee Recommendation: Committee Recommendation: The LCRA unanimously voted (4-0) to recommend approval

generates the TIF revenues. Some historic preservation work has been completed but only the show horse arena, currently used for Longview Elementary, was approved for reimbursement and should be totally paid this year.

They have been in active discussion with Mariner, the present owner of the properties. A waiver and release from the previous owner of the property appears to be the most effective way to secure the loan from the City. The City has certain rights under the contract that benefit the City. If the contract is terminated, the City would not have that right.

The Memory Care facility TIF collection has begun. All remaining structures can be funded under the documents approved by the City last year.

Councilmember Carlyle was concerned about the continued deterioration of the historic structures. Even if a contract were signed tomorrow, they have missed a building season. This was an unfortunate situation where the structures were being "held at ransom" and she did not appreciate the position in which New Longview has been placed. Everyone worked hard to clarify that these structures are worth the money the City is ready to spend. If this contract cannot be executed soon, at least by the end of the month, the City needs to look at other venues.

Mayor suggested a closed session to discuss other remedies.

The Council reached a consensus to direct Staff to prepare materials to be presented in a closed session environment.

Mr. Joe Snook, Assistant Park Department Administrator, was present, along with members of the City's Arts Council. He introduced Mr. Duncan Webb with Webb Management, the consulting firm hired in 2015 to complete the Cultural Arts Plan Update.

Mr. Webb explained they were putting forth a vision on how to invest in arts in the future and to develop a brand and idea for Lee's Summit. Establishing the idea that arts are a tool for the City, Mr. Webb explained the different areas and ways to use this tool, which were included in the report. The Arts Council would be pulling all the different entities together.

Councilmember Edson thought the Arts Council should start a 501c3 status now and work with a City staff person to obtain grants. they would then be in a strong position to take over from the City as a non-profit.

On motion of Councilmember Carlyle, second by Councilmember Seif, the Council voted unanimously to direct Staff to PRESENT AN ORDINANCE to adopt a CULTURAL ARTS PLAN.
