**Interest Response:** I would like to serve on the Lee's Summit Planning Commission to be a part of it's future development. My family has lived in Lee's Summit for the last 16 years, attended it's schools, shopped in it's business and participated in community events. In that time I've developed an appreciation of our community and have an interest in its growth. Through my profession as an Architectural Project Manager, I've had the opportunity to assist several small business make a start in our beautiful community. I know and understand the "growing pains" small communities go through as the expand and stretch their borders, face housing and business diversity issues, infrastructure expansion demands and residential density variations. As an architectural Project manager, one of my areas of responsibility is advising my clients and assisting them to select a location that is not just appropriate for the community, but a good long term investment.

Prior to working as an Architectural Project manager, I spent several years working in the construction industry in the Lee's Summit area.

**Other Activities:** Previously I was active in the Boys Scouts of America as a Scout Master for 3 years, coached Volley Ball for the Lee's Summit Park and Rec department for 3 years, coached Basketball for Upward and participated in several outreach programs thru my church. Currently I'm active as an instructor at my church and assist in the youth program. I regularly attend my children's choir and strings concerts at L.S. North High school.

**Interested in serving on:** Planning Commission
