Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

This Action Plan covers the program year 2021-2022, the second year of the 2020-2024 Consolidated Plan (Con Plan) period of the Community Development Block Grant Program. Through the Con Plan, the following needs were identified as high priority:

- Sidewalks and curbing in established neighborhoods
- Connection of neighborhood sidewalks to parks/trails
- Storm drains in older neighborhoods
- Long term transitional housing
- Housing affordability: renters and owners
- Maintenance of established neighborhoods
- Rental inspections
- Home ownership counseling
- Transportation barriers
- Accessibility to basic needs and services (food, shelter, clothing)
- Access to and affordability of mental/behavioral Health
- Street maintenance and additional street lighting on neighborhood streets
- Access to affordable daycare

The 2021-22 Action Plan continues to reflect a local partnership between City government and not-for-profit services and housing agencies. With these partnerships, the goals and objectives established in the Con Plan will be implemented. The standard public process established in the City's Citizen Participation Plan including a public awareness campaign will be followed. This includes the solicitation of CDBG funding requests from local services and housing agencies, evaluation and prioritization of funding needs, a public hearing, a 30-day public review and comment period, and the approval of the governing body.

The recommended funding allocations focus on sustaining on-going programs that have proven to address the critical needs of the community as identified in the Con Plan. CDBG funds also help agencies to leverage other resources in support of their programs. Funded programs on the non-public-service side focus on the preservation of the community's affordable housing.

Due to limited funding from this program, not all of the priority needs identified in the Con Plan will be addressed by the programs to be funded this program year. Local agencies are urged to explore alternative resources to support and expand their programs.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Through this plan and its commitment of financial support, the City strives to accomplish the following objectives:

- continue supporting the agencies and programs that have received CDBG funding in prior years in order to help them maintain a similar level of service;
- continue to support the agencies and programs benefiting low income families;
- continue to support services for children exposed to domestic violence and adults with mental health and substance abuse issues; and,
- continue to provide financial assistance to LMI homeowners for the upkeep of their homes through the Home Preservation Program and to the local public housing agency to implement its CIP.

The outcomes will benefit a total of about 450 individuals and households, and improve 40 affordable housing units.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The majority of the programs included in this Action Plan have been funded and in operation for several years. The majority of the agencies offering these programs and services utilizing the CDBG funds have proven to be solid in terms of their performance as well as their impact on the community's well-being. The City has a monitoring and evaluation system in place to determine subrecipient performance levels. This is taken into account during the evaluation and prioritization of funding allocation.

In Program Year 2020-21, the City allocated funding to Truman Heritage Habitat for Humanity (Habitat) to run a Home Preservation Program, which took the place of the formerly City-ran Minor Home Repair Program. In its first year, Habitat has fulfilled the goal of increasing the number of homes/Lee's Summit residents that can benefit from this funding. Habitat has also taken on more expensive and critical projects due to their resources and volunteers that the City was not able to utilize. In the first year,

Habitat is on track to benefit 15-17 homes, whereas the City's Minor Home Repair Program would have only benefitted about 10 homes if given the same amount of funding.

During Program Year 2020-21, the City received special allocations of CARES Act funding due to the COVID-19 pandemic. The initial allocation of CDBG-CV funding in the amount of \$219,061 was awarded to Lee's Summit Social Services to provide emergency assistance to Lee's Summit residents, and to Developing Potential, Inc. to assist in reopening their office safely to adhere to COVID-19 protocols. This allocation of CDBG-CV is expected to benefit an estimated 2,000 Lee's Summit residents. The second allocation of CDBG-CV3 funding is \$352,711; this was awarded to Lee's Summit Social Services to continue providing emergency payment assistance, as well as Coldwater of Lee's Summit to support the increased need of the No Hungry Kids! Summer Lunch Program.

4. Summary of Citizen Participation Process and consultation process

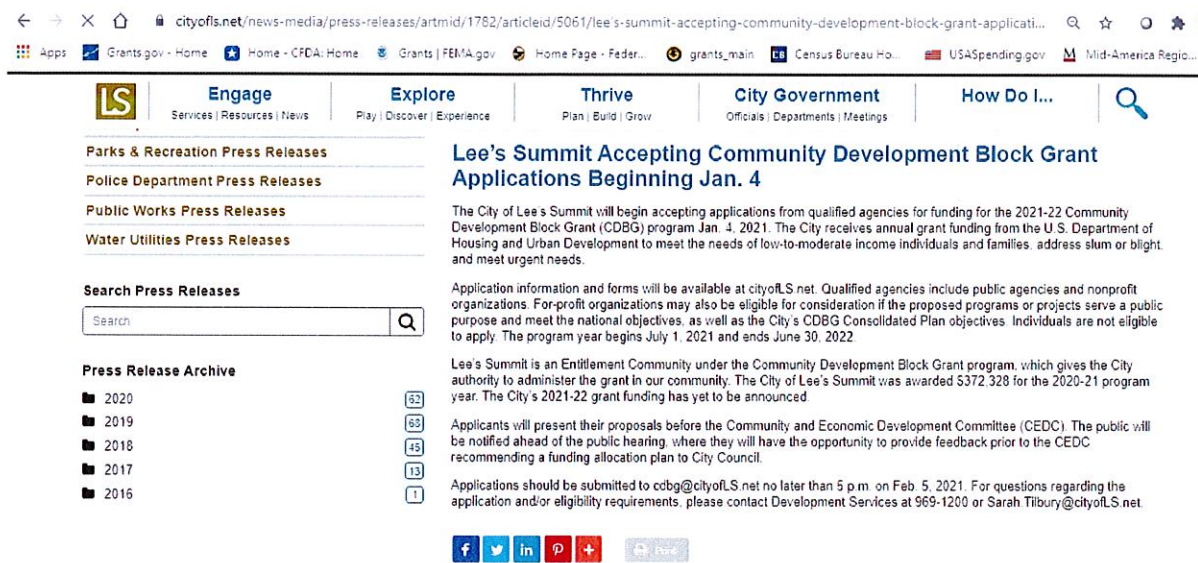

Summary from citizen participation section of plan.

The public outreach and consultation process for this Action Plan consists of a public awareness campaign via press release, solicitation of requests for funding, public hearing and a 30-day public review and comment period.

A press release was posted on the City's website on December 12, 2020. The press release specifically stated:

- Applications for the 2021-22 CDBG program year would be available on January 4, 2021;
- Applications would be accepted from January 4 through February 5, 2021; and
- A public hearing would be scheduled where applicants could present their projects before the Community & Economic Development Committee

Press Release for Application

On February 13, 2021, a public notice was published in the Lee's Summit Tribune announcing the Community and Economic Development Committee (CEDC) public hearing scheduled for March 10, 2021. This hearing provides citizens an opportunity to hear funding proposals from local agencies, as well as staff funding recommendations, public comments, and the prioritization of the proposals. Once heard, committee discussions occur and recommendations are established for consideration by the full City Council.

A 30-day public review and comment period was held March 12 through April 12. Hard copies of the Action Plan were made available for public access upon request. The draft Action Plan was also available on the City's website. No public comments were received.

7. Summary

Through a comprehensive public process, the 2021-22 Action Plan was developed to address the priority needs of the community as identified through the 2020-24 Con Plan and to distribute funding accordingly to satisfy these needs. The City realizes that CDBG funding is limited and will not address all of the priority needs of the community, but encourages local agencies to pool other resources so that more needs can be met.

The funding provided through the CDBG program is making a difference for our community and we continue to use this valuable resource to support the most needed programs.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

The City of Lee's Summit Development Services department coordinates the consultation process for the Community Development Block Grant Program 2020-24 Con Plan and the subsequent Annual Action Plans. The consultation process for the Annual Action Plan includes a community awareness campaign through the City's press release, newspaper advertising and a public hearing, which is followed by a public review and comment period.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The City actively works with both local and regional agencies to meet community needs. This has included work within consultation, strategic planning and financial support through the CDBG program. Through the annual CDBG action plan process, the City works with these agencies to identify priority needs, service gaps as well as overlap of services to ensure critical services receive funding priority.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Lee's Summit is a part of the service area of the Greater Kansas City Coalition to End Homelessness (GKCCEH), the designated regional Continuum of Care (CoC) serving the Jackson County, Missouri area and has been working with the network over the years as needed.

In evaluating the role of Lee's Summit in addressing homelessness, GKCCEH and their embrace of the Housing First approach were considered as a means of assessment. Effective attainment of this approach can be measured by the implementation of policy and provision of funding that ultimately leads to the creation of permanent and sustainable housing for all homeless individuals. In program year 2020-21, the City awarded Truman Heritage Habitat for Humanity funding to run the Home Preservation program, which assists low-to-moderate income Lee's Summit homeowners with both critical and minor home repairs. The program is on track to increase the number of repairs made compared to previous years through utilizing trained volunteers and other resources.

Within Lee's Summit, there are many services in the community that are supported by the City in their efforts to actively prevent and reduce homelessness.

The following programs will contribute to the prevention of homelessness:

- Hope House: An emergency shelter in Lee's Summit that serves victims of domestic violence, including children
- ReDiscover Mental Health: Provides mental health services to individuals as well as families in different settings
- Hillcrest Transitional Housing: Works to house homeless individuals, families, and youths in an environment that encourages working and the development of life skills
- Lee's Summit Social Services: Provides emergency assistance to low-to moderate-income individuals and families
- Lee's Summit Housing Authority: Local public housing agency

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Lee's Summit does not receive ESG funds.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City has been informed it will receive \$350,684.00 in federal funds for fiscal year 2021-22. At this time, these are the only funds the City expects to allocate to achieving Con Plan objectives. Local agencies will have opportunities to apply for the ESG grant through the State of Missouri. Public housing needs may also be met with other HUD grants to be awarded to the Lee's Summit Housing Authority. Local agencies will continue to make efforts and explore new funding sources for their programs to meet client needs.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City is offering CDBG assistance to agencies and programs to fill budget gaps. Agencies and programs should primarily rely on other funding sources or in-kind donations and use CDBG assistance as a way to extend the services. For CDBG, the City will continue to cover a portion of the administrative cost with its general fund. Lee's Summit Housing Authority leverages other federal funds for capital expenses. Other subrecipients combine CDBG allocations with a variety of other funding sources, including in-kind donations, local grants, local churches, local charities, private foundations, private fundraisers, State funding resources, etc. The City does not require funding match for any of the CDBG funded programs and projects.

AP-35 Projects – 91.220(d)

Introduction

This program year, Lee's Summit continues to support existing on-going public service programs by maintaining the current level of CDBG funding. On the Public Service side, all funding requests are met with the capped amount of the annual grant. The Home Preservation Program ran by Truman Heritage Habitat for Humanity is on track to increase the number of LMI households benefitted by utilizing partnerships and volunteers that were unavailable through the previous program. The City continues to work with Lee's Summit Housing Authority to make needed upgrades of its residential units for sustainability, safety and efficiency.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The programs to be funded target low-to-moderate income individuals/households and persons with special needs regardless of their location in Lee's Summit. The majority of the agencies to receive CDBG funding are located within or immediately adjacent to the Old Town area of the community.

Geographic Distribution

Target Area	Percentage of Funds
Old Town Area	
Communitywide	100

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Generally, there is no priority given based on geographic location. The programs are funded to serve the needs of targeted clients regardless of geographic locations, so long as the clients are Lee's Summit residents.

Discussion

The City's purpose is to serve those individuals and areas that have been identified within the Con Plan. This does not focus on a certain area of the City, but rather a population of people. The City and its supported projects assist people within the community, so long as the individual is a resident of Lee's Summit.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

For the 2021-22 Action Plan, the City anticipates supporting the Lee's Summit Housing Authority and Truman Habitat for Humanity at levels specified in the projects section of the plan. This means that the City expects to benefit approximately 24 households through the LSHA's exterior rehab program at Duncan Estates and 15-17 households through the Habitat's Home Preservation Program.

Discussion

AP-60 Public Housing – 91.220(h)

Introduction

The vision of the Lee's Summit Housing Authority is to "Build Communities of distinction that are multigenerational, mixed income, and meet the needs of our most vulnerable citizens". Our Mission is to "Advocate for affordable housing and respond to unmet housing needs through new construction, restoration of existing assets, and the pursuit of new development opportunities and partnerships".

We will accomplish our mission with an action plan that is based on and measured by TRUST.

T aking care of the community

R aising awareness

U nifying likeminded communities of service

S erving families

T ransforming lives

Strategic Goals Priorities:

- Reducing the waiting lists for affordable housing solutions by developing 100 units of mixed income housing
- Getting our voices in the room for housing discussions occurring within the City
- Finding opportunities for funding projects via a City mechanism
- Developing a demonstration project
- Carefully pursuing redevelopment of Lea Haven

Actions planned during the next year to address the needs to public housing

The Lee's Summit Housing Authority (LSHA) has adopted the following action strategies to address the needs of Public Housing and Affordable Housing Development and this year, it will continue to

implement these actions:

- Advocating for the industry and our role within the local Community
- Identify and leverage trends to create a broader range of housing options that together will local housing shortfalls
- Build relationships with partners
- Apply for additional rental vouchers (as they may become available through HUD) and actively administrate the Section 8 Housing Choice Voucher Program.
- Explore leveraging public and private funds to create additional housing opportunities
- Collaborate with the City of Lee's Summit, Jackson County, other for-profit and non-profit organizations in the development of affordable housing
- Collaborate with the Lee's Summit Economic Development Council
- Employ effective management and maintenance policies

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Lee's Summit Housing Authority has a Resident Housing Commissioner appointed to serve on the Board of Housing Commissioners. Resident Commissioner is a welcomed addition to the Housing Authority Board of Commissioners and brings a unique perspective and insight to the Board. The Lee's Summit Housing Authority keeps open communications with the residents though a monthly news-letter and twice monthly pot-luck dinners. Residents are also engaged by LSHA management and Board Members. The Lee's Summit Housing Authority maintains an "open door" policy for residents to voice their concerns.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Lee's Summit Housing Authority is designated a High Performing Agency by HUD through its Public Housing Management Assessment and Section Eight Management Assessment Programs. LSHA is not designated as "troubled".

Discussion

Many of the strategies and goals for long-term viability and objectives for addressing the needs of the Lee's Summit Housing Authority, and the greater Community, are taken directly from the information, strategies and objectives identified in the City of Lee's Summit's Consolidated Plan. They may also be identified in additional "Studies" such as the Old Lee's Summit Development Master Plan and Housing Affordability Analysis 2014, Vogt Strategic Insights 2017, Lee's Summit Affordable Housing Needs Assessment by University of Kansas Urban Planning Students UBPL: 710 Fall of 2017, Census Data, and

related market studies.

Many of the physical and operational improvements identified in LSHAs 5-Year Plan are contingent upon current and future funding through the CDBG Program, HUD Funding (CFP & OPFND) and, PILOT waiver by the City.

Many of the strategies to address the need for developing affordable housing opportunities and solutions for the growing senior population, veterans and low to moderate income families is dependent upon cooperation by the City of Lee's Summit, the Business Community, Private and Public Investments and the greater Community's support.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

For the 2021-22 Action Plan, the City anticipates supporting the homeless and special needs population by providing continued financial support to local public services such as Hope House, ReDiscover, Coldwater, Hillcrest and Lee's Summit Social Services. These agencies all continue to provide critical services to Lee's Summit residents with special needs.

Coldwater of Lee's Summit has requested funds to continue the support of the "BackSnack Program". This program provides nutritional needs of hungry children. Hope House, ReDiscover, Hillcrest Transitional Housing and Lee's Summit Social Services provide varied services pertaining to the mental health of low-to-moderate income individuals, those experiencing homelessness or those effected by domestic violence.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Homeless shelter services are provided by the CoC of the Greater Kansas City region. In addition, Hillcrest Transitional Housing operates 18 shelter units in Lee's Summit. Our focus is on providing financial assistance to local public service agencies that target residents who are temporarily homeless due to domestic violence or who are potentially becoming homeless due to mental health issues. Activities receiving CDBG assistance this program year that help reduce chances of people becoming homelessness include services provided by Hope House, ReDiscover, and Coldwater. In addition, CDBG funding is provided to Hillcrest Transitional Housing to provide case management counseling services to its Lee's Summit client families. The City will coordinate and work with CoC for its outreach and assessment efforts.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City plans to continue providing financial support to local agencies through CDBG funds. These agencies, which include Hope House, Hillcrest Transitional Housing and Lee's Summit Social Services, offer support to those currently experiencing homelessness or experiencing displacement due to domestic violence situations. While the City does not directly receive ESG funds, local non-profits are encouraged to apply for these funds as an additional source of funding.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to

permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The City continues to work with the regional CoC, as well as coordinating efforts with Lee's Summit Social Services. Local churches often provide similar services without any assistance from CDBG, but nonetheless play an important role in helping homeless individuals and families make the transition to permanent housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Prevention initiatives play a key role in both long and short term strategies to address homeless prevention and counseling for the families they serve. In the 2020-21 program year, the City will direct CDBG funds to several of these programs to alleviate budget shortage. In the meantime, CDBG support will also benefit local agencies and programs that provide services targeting LMI persons and persons with special needs for housing, health, and other social services.

Discussion

The City's CDBG funding distribution process is a competitive one where the City opens funding request opportunities to all local agencies that provide services to meet the priority goals of the Consolidated Plan. Agencies file funding requests based on financial support needs and funding allocations decisions are based on priorities, agency capacities and funding availability.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The City of Lee's Summit's adopted public policies and standards pertaining to development as well as housing development and residential investment in the community. These policies are designed and updated to promote and protect community values, to ensure quality, to improve sustainability, to protect property values and investments, and to provide equal opportunities for all. The City does not and will not endorse and put in place any public policies that will prevent investment and development of affordable housing. The City provides financial opportunities through the CDBG program for agencies to provide housing choices and home repairs to benefit persons with housing burdens.

In 2019, the City completed its Analysis of Impediments to Fair Housing Choice (AI) project. Based upon this, it does not appear that there is sufficient housing for those of extremely low to moderate income households. This has also been identified through the Con Plan, and is being addressed through projects funded by CDBG.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

Coordination of services is extremely important to ensure services are provided efficiently and effectively, especially when resources are scarce.

Actions planned to address obstacles to meeting underserved needs

The major obstacle to meeting underserved needs is limited funding. The City will continue to encourage public service agencies to actively explore and pursue new funding opportunities. The City will also continue to explore and participate in regional solutions to some of the underserved needs.

Actions planned to foster and maintain affordable housing

Funded programs and projects through CDBG for housing related repairs and rehabilitation meet the goal of sustaining the community's affordable housing stock and improving the conditions. In an effort to increase the number of clients served, the City has transitioned the Minor Home Repair Program to a non-profit, Truman Habitat for Humanity, to foster a similar program that will help more clients. The City will continue to be involved in an administrative capacity.

Actions planned to reduce lead-based paint hazards

Continue to educate the public regarding the danger of lead-based paint hazards. Continue to enforce the requirement for residential rehabilitation contractors to be properly licensed when taking on residential rehabilitation projects.

Actions planned to reduce the number of poverty-level families

The City continues to promote economic development to improve the economic health of the community and its citizens by:

- Increasing business activities
- Expanding job training and employment opportunities
- Fostering small businesses and startups
- Investing in needed public infrastructure improvements for economic development
- Encouraging and incentivizing business expansions and new business activities
- Continuing to support private agencies for services to help poverty-level population to get on

their feet

Actions planned to develop institutional structure

The City will continue to improve the institutional structure to better serve the needs of the community. Inter-agency coordination will continue to be the focus in order to improve efficiency and avoid duplication of efforts. This year, the City is conducting another round of its strategic planning that involves extensive public involvement to help the City identify priority needs of this community and strategies to meet those needs. This process will certainly help to further strengthen the effort of a community working together to tackle community issues. In early 2020, the City also began working on developing a new comprehensive plan, which will be an extensive, multi-year process involving a lot of inter-agency coordination.

Actions planned to enhance coordination between public and private housing and social service agencies

- Continue to provide training for agencies receiving CDBG funding
- Continue to encourage agencies, private or public, to communicate and coordinate
- Continue to monitor CDBG subrecipients on performance and provide technical support as needed
