

## Project Title: Browning Street Extension – Browning St to Hamblen Rd

Type: Bridges, Streets & Signals	Activity #56832272
----------------------------------	--------------------

### Project Description

This project will extend an existing commercial/industrial roadway, Browning Street, along a planned alignment to Hamblen Road. The project will include sidewalks, curb and gutter, turn lanes, etc. Total project length is approximately 2,100 feet.

### Project Purpose

This project completes a roadway network gap that will improve access to the area between Hamblen Road and the UPRR, south of US 50 Highway and north of Bailey Road area, serving as an alternate route in lieu of Oldham Parkway. The new roadway will not only improve access to existing industrial and commercial development, but promote re-development and facilitate access management along Hamblen Road at Oldham Parkway in support of future improvements at the M-291 North Junction and US 50 Highway interchange. The project was identified in the Thoroughfare Master Plan. Right of Way for the project has been acquired in support of the project by adjacent development that has occurred in the last 5 years, including the Water Utilities Facility. The proposed Browning Street extension was recommended by the License Tax Committee.

### Estimated Schedule

Design and Right of Way Acquisition	2019
Construction	2020

### Funding Sources

License (Excise) Tax	\$1,430,000
<b>Total Lifetime Budget</b>	<b>\$1,430,000</b>

### Estimated Annual Operating and Maintenance

\$15,500
