Interest Response: I have an interest due to the need for increased economic development for the City. This need will have to be met with "smart" incentives including TIF, in order to compete with other communities. We need to attract employers with balanced incentives that can be clearly quantified and consistently applied. I served on the LCRA for many years and enjoyed creating a mathematical model to promote consistency and transparency in the process. I also felt it was important to quantify the "cost" and "benefit" to the City/tax payers.

Other Activities: I currently serve as chair of the St. Luke's East Hospital Board; the St. Luke's Foundation; and the Kauffman Center for the Performing Arts Ensemble Advisory Board. In addition I serve as a member of the Harrisonville TDD Board and the New Longview TDD board. I assist the Englewood Arts District in Independence with their housing initiative and revitalization plans for the area.
