PROBLEM IDENTIFICATION

Substance-impaired drivers contributed to 22.0 percent of Missouri's traffic crash fatalities during the past five years. Alcohol remains the primary contributor to substance-impaired driving crashes; however, the number of persons under the influence of prescription medications and/or illicit drugs continues to increase. Male drivers were more likely than females to be involved in substance-impaired driving crashes. During the past five years, males were responsible for 80.2 percent of substance-impaired driving fatalities. Nine percent of the children less than 15 years of age, who were killed in motor vehicle crashes over the last five years, were riding with a substance-impaired driver who often was an underage-impaired driver.

Jackson County and the City of Lee's Summit have consistently experienced a high percentage of drinking-involved crashes. The following shows a comparative analysis of where Jackson County and Lee's Summit rank compared to other cities and counties in Missouri.

*SPECIAL NOTE, DUE TO THE COVID-19 OPERATING RESTRICTIONS / GUIDELINES SET IN PLACE FROM JANUARY UNTIL DECEMBER 2021. THE DEPARTMENT AS A WHOLE HAD REDUCED TICKETS AND WARNINGS ISSUED AS WELL AS A REDUCTION IN CRASHES RELATED TO COVID 19.

Drinking Involved Crashes:

Jackson County - 1st in the State

Lee's Summit - 8th in the State

Serious Injury Drinking Involved Crashes:

Jackson County - 1st in the State

Lee's Summit - 8th in the State

Fatal Drinking Involved Crashes:

Jackson County - 1st in the State

Lee's Summit - 5th in the State

The City of Lee's Summit covers approximately 65 square miles and encompasses several State Highways, one Interstate, and one US Highway. Lee's Summit also has major intersections/corridors off these Highway Systems that handle a large amount of motor vehicle traffic. As a result, the high crash times are from 0600 hours to 2200 hours, with a considerable drop-off.

In 2021*, the Lee's Summit Police Department issued 5854 citations and 7236 written warnings. Below is a breakdown of a few of the citation Categories:

Speeding - 1472

DWI - 149

Lane Violation - 395

Signs and Signals - 256

Seatbelt - 28

GOALS/OBJECTIVES

Core Performance Measure Goals

1. Based on a goal of 0 fatalities by 2030, Missouri is projecting a five-year average target of 222.8 alcohol-impaired driving involved fatalities by December 31, 2022.

Develop and implement a plan that focuses on impaired driving enforcement at high crash locations and corridors.

PROJECT DESCRIPTION

The Lee's Summit Police Department (LSPD) made 149 arrests for impaired driving in 2021. The City of Lee's Summit has a downtown district that contains numerous food and alcoholic beverage businesses. LSPD will conduct saturation patrols with sworn officers in this area to educate provide safety and security for those enjoying the downtown district . It is anticipated these efforts in and around the downtown district will lower the number of intoxicated /impaired drivers on the roadways.

LSPD consists of 149 sworn personnel. The officers have mobile data terminals (MDT), Mobile video audio recording (MVAR), Body-worn cameras (BWC), radar units, and lasers to assist them with their investigations. The department also utilizes mobile ticketing, making for more efficient use of officers and citizens' time. This system is also beneficial to the courts for processing the citations.

The LSPD Traffic Sergeants will monitor our records management system (RMS) for driving while impaired arrests to effectively focus officers' efforts on locations where these arrests occur .

SUPPLEMENTAL INFORMATION

<u>Question</u>	<u>Answer</u>
You must answer the following questions.	
1 Does your agency have and enforce an internal safety belt policy for all personnel?	Yes
2 Does your agency have and enforce a policy restricting cell phone use while driving?	Yes
3 Does your agency report racial profiling data annually?	Yes
4 Does your agency report to STARS?	Yes
5 Does your agency report UCR information annually?	Yes
6 Please explain any NO answer(s) to questions 1-5:	
7 Have any of your officers/personnel been debarred and are therefore not eligible to receive federal funds for reimbursement of salary, fringe benefits, or overtime?	No
8 Does your agency have adequate manpower to fully expend the funds requested in this application?	Yes
9 If NO, please explain.	
10 Have any significant changes occurred with your agency within the last year that would affect performance, including personnel or system changes?	Yes
11 If YES, please explain.	
The only significant change from 2021 to 2022 is the COVID-19 restrictions/guidelines that have reduced our contacts and citations for the calendar years of 2020 2021.	
12 Are you aware of any fraud, waste or abuse on grant projects in your office/agency within the last 5 years?	No
13 If YES, please explain.	
14 If your agency received Highway Safety grant funding in the last three (3) fiscal years and there were unexpended balances, please explain why.	
Due to a shortage of staffing and reallocation of personnel, some funds could not be expended. However, staffing is now back to a manageable level, so this issue should not be a problem in the future.	
15 Did your political entity receive more than 80% of its annual gross revenues in Federal Awards in your preceding fiscal year?	No
16 Did your political entity receive \$25,000,000 or more in Federal Awards in your preceding fiscal year?	No

17 If you answered NO to either question 15 and 16, DO NOT answer this question. If you answered YES to both question 15 and 16, and the public does not have access to this information, list the names and compensation amounts of the five most highly compensated employees in your business or organization (the legal entity to which the DUNS number it provided belongs).

Please use the most current 12-months of data available for answering questions 18-23. INCLUDE ALL OF YOUR AGENCY'S STATISTICS, NOT JUST THOSE ISSUED DURING GRANT ACTIVITY.

18 Total number of DWI violations written by your agency.	149
19 Total number of speeding citations written by your agency.	1486
20 Total number of HMV citations written by your agency.	6616
21 Total number of child safety/booster seat citations written by your agency.	48
22 Total number of safety belt citations written by your agency.	48
23 Total number of warnings issued.	7236

Use the most current three years crash data from the Missouri State Highway Patrol (MSHP) or your internal record management system for questions 24-34.

24 Total number of traffic crashes.	5472
25 Total number of traffic crashes resulting in a fatality.	12
26 Total number of traffic crashes resulting in a serious injury.	858
27 Total number of speed-related traffic crashes.	700
28 Total number of speed-related traffic crashes resulting in a fatality.	3
29 Total number of speed-related traffic crashes resulting in a serious injury.	138
30 Total number of alcohol-related traffic crashes.	197
31 Total number of alcohol-related traffic crashes resulting in a fatality.	5
32 Total number of alcohol-related traffic crashes resulting in a serious injury.	68
33 Total number of unbuckled fatalities.	5
34 Total number of unbuckled serious injuries.	11

Enter your agency's information below.

35 Total number of commissioned law enforcement officers.	149
36 Total number of commissioned patrol and traffic officers.	102

37 Total number of commissioned law enforcement officers available for overtime enforcement.	149
38 Total number of vehicles available for enforcement.	35
39 Total number of radars/lasers.	35
40 Total number of in-car video cameras.	35
41 Total number of PBTs.	35
42 Total number of Breath Instruments.	2

The following information explains the strategies your agency will use to address the traffic crash problem. This information is considered to be the Project Description and should be specific to the crash problem.

43 Identify primary enforcement locations.

Officers will focus on the downtown bar district and surrounding areas . In addition, traffic sergeants will utilize the department RMS to track impaired drivers and locations of arrests. This will allow them to effectively assign enforcement areas within the city where a problem is known to exist.

Lee's Summit has one interstate, one US highway, and several state highways that travel through the city. Officers will also focus their efforts along these major highways and corridors coming off -highway systems within the city limits. Lee's Summit has over 65 square miles and many roadways and thoroughfares that connect the city. The population has climbed over 100,000 citizens, so the roadways are extremely busy.

44 Enter the number of enforcement periods your agency will conduct each month. 12

45 Enter the months in which enforcement will be conducted.

Enforcement efforts will be conducted throughout the year.

46 Enter the days of the week in which enforcement will be conducted.

Monday - Sunday

47 Enter the time of day in which enforcement will be conducted.

Enforcement efforts will be in conjunction with arrests for driving while impaired , as reported in the RMS. The city experiences these types of arrests at all hours of the day and night; however, these are typically handled more during the hours of darkness.

48 Enter the number of officers assigned during the enforcement period. 14

49 If equipment or supplies are requested to conduct this project, explain below why it is needed and how it will be used.

PBTs requested to have full deployment for all operational personnel . In addition to SFSTs, a PBT can be used to determine the presence of alcohol.

PROJECT EVALUATION

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state UCR, Racial Profiling, and STARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly, semi-annual) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract*
6. Accomplishing the Objectives* established to meet the project Goals, such as:
 - Enforcement activities (planned activities compared with actual activities)
 - Programs (number and success of programs held compared to planned programs, evaluations if available)
 - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
 - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort ; documentation of equipment use and frequency of use)
 - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
 - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis .

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically ;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects.

*Evaluation and requests to fund future projects will not be based solely on attaining Goals and/or Objectives if satisfactory justification is provided.

The Lee's Summit Police Department will continually evaluate this program by conducting monthly audits of activity and results.
