**Interest Response:** I have been involved in numerous volunteer boards and would like to continue my involvement in our community in such a way that would allow for my experience in the community to continue to be useful. I believe that my perspective and experience is unique, both from a non-profit standpoint, as well as one of being a long-term resident within the community. I believe that our growth as a community should be done the right way for future sustainability, not just a quick fix or something that would bring short-term benefit. We need to continue to find people in this community that will consider both short and long-term perspectives and solutions for our growing and diverse community, and I would be grateful for the opportunity to serve.
