Council District: District 4

How many years a resident: 10

High School: Bolivar High School

College: Missouri State University

Employment: U.S. Bank

Position: Information Security Consultant

Why interested: After 10 years of enjoying the first-class services of Lee's Summit, I'm looking for opportunities to give back to the community. Professionally, I've had 10 years of Fortune 500 consulting experience, building information security programs for world-wide organizations such as J.P. Morgan Chase, Halliburton and The Bank of New York Mellon, as well as smaller, non-profit organizations such as Lakewood Church in Houston, Texas. This experience listening to pain points, solving problems and presenting solutions to large organizations would allow me to offer insights and opportunities to the local boards. In addition, prior to my time in Information Security, I was a music educator for 7 years in the Springfield, Missouri area. I have a Master's degree in technical writing and an undergraduate degree in music performance from Missouri State University.

Other participation: Member at Summit Park Church, Lee's Summit, Missouri. Supporter of my children's schools: Richardson Elementary and Bernard Campbell Middle School. Supporter of Bright Lights Institute - a new Lee's Summit based performing arts organization for children aged K - 8.

Interested in serving on: Arts Council

Other interests: Performing Arts: Theatre, Classical Music, Public Art Displays
