Chris,

Please consider this as my approval of the Phase 2, Village at View High concept plan, per attached, and specifically the vehicular connection, road alignment and design between Phase 2 and the future phase of Winterset Valley.

I believe the majority of residents, if not all, who attended the September 14th Winterset Phase 30 meeting hosted at the Winterset Community Center were also supportive of the plan per Mr. Schlicht's meeting minutes.

Regards,
Dave
