**MISSOURI HIGHWAYS AND TRANSPORTATION COMMISSION
SURFACE TRANSPORTATION BLOCK GRANT (STBG) PROGRAM AGREEMENT**

THIS STBG AGREEMENT is entered into by the Missouri Highways and Transportation Commission (hereinafter, "Commission") and the City of Lee's Summit, Jackson County, Missouri (hereinafter, "City/ ").

WITNESSETH:

WHEREAS, the Infrastructure Investment and Jobs Act (IIJA) Title 23 United States Code (USC) §133, authorizes a STBG Program to fund transportation related projects; and

WHEREAS, the City desires to construct certain improvements, more specifically described below, using such STBG funding; and

WHEREAS, those improvements are to be designed and constructed in compliance with the provisions of this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations in this Agreement, the parties agree as follows:

(1) PURPOSE: The purpose of this Agreement is to grant the use of STBG funds to the City. The improvement contemplated by this Agreement and designated as Project STBG 3338(407) involves:

Rebuilding Scherer Rd into an urban multi -modal corridor from Ward Rd. to Jefferson St.

The City shall be responsible for all aspects of the construction of the improvement.

(2) LOCATION: The contemplated improvement designated as Project STBG

3338(407) by the Commission is within the city limits of Lee's Summit, Missouri. The general location of the improvement is shown on an attachment hereto marked "Exhibit A" and incorporated herein by reference. More specific descriptions are as follows:

Scherer Rd into an urban multi-modal corridor from Ward Rd. to Jefferson St.

(3) REASONABLE PROGRESS POLICY: The project as described in this agreement is subject to the reasonable progress policy set forth in the Local Public Agency (LPA) Manual [and the final deadline specified in Exhibit B attached hereto and incorporated herein by reference. In the event, the LPA Manual and the final deadline within Exhibit B conflict, the final deadline within Exhibit B controls]. If the project is within a Transportation Management Area that has a reasonable progress policy in place, the project is subject to that policy. If the project is withdrawn for not meeting reasonable progress, the City agrees to repay the Commission for any progress payments made to the City for the project and agrees that the Commission may deduct progress payments made to the City from future payments to the City.

(4) LIMITS OF SYSTEM: The limits of the surface transportation system for the City shall correspond to its geographical area as encompassed by the urban boundaries of the City as fixed cooperatively by the parties subject to approval by the Federal Highway Administration (FHWA).

(5) ROUTES TO BE INCLUDED: The City shall select the high traffic volume arterial and collector routes to be included in the surface transportation system, to be concurred with by the Commission, subject to approval by the FHWA. It is understood by the parties that surface transportation system projects will be limited to the said surface transportation system, but that streets and arterial routes may be added to the surface transportation system, including transfers from other federal aid systems.

(6) INVENTORY AND INSPECTION: The City shall:

(A) Furnish annually, upon request from the Commission or FHWA, information concerning conditions on streets included in the STBG system under local jurisdiction indicating miles of system by pavement width, surface type, number of lanes, and traffic volume category.

(B) Inspect and provide inventories of all bridges on that portion of the federal-aid highway systems under the jurisdiction of the City in accordance with the Federal Special Bridge Program, as set forth in 23 USC §144, and applicable amendments or regulations promulgated thereunder.

(7) ACCEPTED WITHIN HIGHWAY SYSTEM: Effective upon execution of this Agreement, the Commission accepts the above-described portion of the City street system as part of the state highway system for the purposes of this STBG project. However, during the construction period contemplated in this Agreement:

(A) The Commission will assume no police or traffic control functions not obligatory upon Commission immediately prior to the execution of this Agreement, and

(B) The City shall perform or cause to be performed normal maintenance on the project site.

(8) CITY TO MAINTAIN: Upon completion of construction of this improvement, the City shall accept maintenance of the improvements made by this project at no cost and expense whatsoever to the Commission. Any traffic signals installed on highways maintained by the Commission will be turned over to the Commission upon completion of the project for operational maintenance. Any aesthetic improvements installed on highways maintained by the Commission upon completion of the project will be the sole responsibility of the City for maintenance. All obligations of the Commission under this Agreement shall cease upon completion of the improvement.

(9) INDEMNIFICATION: To the extent allowed or imposed by law, the City shall defend, indemnify, and hold harmless the Commission, including its members and the Missouri Department of Transportation ("MoDOT" or "Department") employees, from any claim or liability whether based on a claim for damages to real or personal property or to a person for any matter relating to or arising out of the City's wrongful or negligent performance of its obligations under this Agreement.

(10) INSURANCE:

(A) The City is required or will require any contractor procured by the City to work under this Agreement:

1. To obtain a no cost permit from the Commission's district engineer prior to working on the Commission's right of way, which shall be signed by an authorized contractor representative (a permit from the Commission's district engineer will not be required for work outside of the Commission's right of way); and

2. To carry commercial general liability insurance and commercial automobile liability insurance from a company authorized to issue insurance in Missouri, and to name the Commission, and the MoDOT and its employees, as additional insureds in amounts sufficient to cover the sovereign immunity limits for Missouri public entities (\$600,000 per claimant and \$4,000,000 per occurrence) as calculated by the Missouri Department of Insurance, Financial Institutions and Professional Registration, and published annually in the Missouri Register pursuant to section 537.610 RSMo.

(B) In no event shall the language of this Agreement constitute or be construed as a waiver or limitation for either party's rights or defenses with regard to each party's applicable sovereign, governmental, or official immunities and protections as provided by federal and state constitution or law.

(11) CONSTRUCTION SPECIFICATIONS: Parties agree that all construction under the STBG for the City will be constructed in accordance with current MoDOT design criteria/specifications for urban construction unless separate standards for the surface transportation system have been established by the City and the Commission subject to the approval of the FHWA.

(12) FEDERAL-AID PROVISIONS: Because responsibility for the performance of all functions or work contemplated as part of this project is assumed by the City, and the City may elect to construct part of the improvement contemplated by this Agreement with its own forces, a copy of Section II and Section III, as contained in the United States Department of Transportation (USDOT) Form Federal Highway Administration (FHWA) 1273 "Required Contract Provisions, Federal-Aid Construction Contracts," is attached and made a part of this Agreement as Exhibit C. Wherever the term "the contractor" or words of similar import appear in these sections, the term "the City" is to be substituted. The City agrees to abide by and carry out the condition and obligations of "the contractor" as stated in Section II, Equal Opportunity, and Section III, Nonsegregated Facilities, as set out in Form FHWA 1273.

(13) ACQUISITION OF RIGHT OF WAY: With respect to the acquisition of right of way necessary for the completion of the project, City shall acquire any additional necessary right of way required for the project and in doing so agrees that it will comply with all applicable federal laws, rules, and regulations, including 42 USC 4601-4655, the Uniform Relocation Assistance and Real Property Acquisition Act, as amended and any regulations promulgated in connection with the Act.

(14) REIMBURSEMENT: The cost of the contemplated improvements will be borne by the United States Government and by the City as follows:

(A) Any federal funds for project activities shall only be available for reimbursement of eligible costs which have been incurred by City. Any costs incurred by City prior to authorization from FHWA and notification to proceed from the Commission are **not** reimbursable costs. All federally funded projects are required to have a project end date. Any costs incurred after the project end date are not eligible for reimbursement. The federal share for this project will be 80% (Eighty Percent) not to exceed \$4,100,000 (Four million one hundred thousand dollars). The calculated federal share for seeking federal reimbursement of participating costs for the herein improvements will be determined by dividing the total federal funds applied to the project by the total participating costs. Any costs for the herein improvements which exceed any federal reimbursement or are not eligible for federal reimbursement shall be the sole responsibility of City. The Commission shall not be responsible for any costs associated with the herein improvement unless specifically identified in this Agreement or subsequent written amendments.

(B) The total reimbursement otherwise payable to the City under this Agreement is subject to reduction, offset, levy, judgment, collection or withholding, if there is a reduction in the available federal funding, or to satisfy other obligations of the City to

the Commission, the State of Missouri, the United States, or another entity acting pursuant to a lawful court order, which City obligations or liability are created by law, judicial action, or by pledge, contract or other enforceable instrument. Any costs incurred by the City prior to authorization from FHWA and notification to proceed from the Commission are not reimbursable costs.

(15) PERMITS: The City shall secure any necessary approvals or permits from the Federal Government and the State of Missouri as required to permit the construction and maintenance of the contemplated improvements.

(16) TRAFFIC CONTROL: The plans shall provide for handling traffic with signs, signal and marking in accordance with the Manual of Uniform Traffic Control Devices (MUTCD).

(17) WORK ON STATE RIGHT OF WAY: If any contemplated improvements for Project STBG 3338(407) will involve work on the state's right of way, the City will provide reproducible final plans to the Commission relating to such work.

(18) DISADVANTAGED BUSINESS ENTERPRISES (DBEs): At time of processing the required project agreements with the FHWA, the Commission will advise the City of any required goals for participation by DBEs to be included in the (City's/County's/Grantee's) proposal for the work to be performed. The City shall submit for Commission approval a DBE goal or plan. The City shall comply with the plan or goal that is approved by the Commission and all requirements of Title 49 Code of Federal Regulations (CFR) Part 26, as amended.

(19) NOTICE TO BIDDERS: The City shall notify the prospective bidders that DBEs shall be afforded full and affirmative opportunity to submit bids in response to the invitation and will not be discriminated against on grounds of race, color, sex, or national origin in consideration for an award.

(20) PROGRESS PAYMENTS: The City may request progress payments be made for the herein improvements as work progresses but not more than once every two (2) weeks. Progress payments must be submitted monthly. All progress payment requests must be submitted for reimbursement within ninety (90) days of the project completion date for the final phase of work. The City shall repay any progress payments which involve ineligible costs.

(21) PROMPT PAYMENTS: Progress invoices submitted to MoDOT for reimbursement more than thirty (30) calendar days after the date of the vendor invoice shall also include documentation that the vendor was paid in full for the work identified in the progress invoice. Examples of proof of payment may include a letter or e-mail from the vendor, lien waiver or copies of cancelled checks. Reimbursement will not be made on these submittals until proof of payment is provided. Progress invoices submitted to MoDOT for reimbursement within thirty (30) calendar days of the date on the vendor invoice will be processed for reimbursement without proof of payment to the vendor. If the

City has not paid the vendor prior to receiving reimbursement, the City must pay the vendor within two (2) business days of receipt of funds from MoDOT.

(22) OUTDOOR ADVERTISING: The City further agrees that the right of way provided for any STBG improvement will be held and maintained inviolate for public highway or street purposes, and will enact and enforce any ordinances or regulations necessary to prohibit the presence of billboards or other advertising signs or devices and the vending or sale of merchandise on such right of way, and will remove or cause to be removed from such right of way any sign, private installation of any nature, or any privately owned object or thing which may interfere with the free flow of traffic or impair the full use and safety of the highway or street.

(23) FINAL AUDIT: The Commission will perform a final audit of project costs. The United States Government shall reimburse the City, through the Commission, any monies due. The City shall refund any overpayments as determined by the final audit.

(24) AUDIT REQUIREMENTS: If the City expend(s) one million dollars (\$1,000,000) or more in a year in federal financial assistance it is required to have an independent annual audit conducted in accordance with 2 CFR Part 200. A copy of the audit report shall be submitted to MoDOT within the earlier of thirty (30) days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Subject to the requirements of 2 CFR Part 200, if the City expend(s) less than one million dollars (\$1,000,000) a year, the City may be exempt from auditing requirements for that year but records must be available for review or audit by applicable state and federal authorities.

(25) FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT (FFATA) OF 2006: The City shall comply with all reporting requirements of the FFATA of 2006, as amended. This Agreement is subject to the award terms within 2 CFR Part 170.

(27) APPLICABLE LAWS AND REGULATIONS: This Agreement shall be construed according to the laws of the State of Missouri. Each party shall comply with all applicable federal, state, and local laws, regulations, and ordinances. Additionally, each party shall adhere to all accepted industry standards, processes, and procedures relevant to the performance of their obligations under this Agreement. A violation of this paragraph constitutes a material breach of the Agreement.

(28) AMENDMENTS: Any change in this Agreement, whether by modification or supplementation, must be accomplished by a formal contract amendment signed and approved by the duly authorized representatives of the City and the Commission.

(29) COMMISSION REPRESENTATIVE: The Commission's Kansas City District Engineer is designated as the Commission's representative for the purpose of

administering the provisions of this Agreement. The Commission's representative may designate by written notice other persons having the authority to act on behalf of the Commission in furtherance of the performance of this Agreement.
