Employment: Retired from Lee's Summit Fire Department

Position: Assistant Chief

Why interested: I have lived in Lee's Summit for most of my life, I also worked for the Lee's Summit Fire Department for over twenty six years. I have always felt that I did my part to help make our city a great place to work and live. Now two years after my retirement I am ready to help again. We have outstanding police and fire departments, and I would like to do my small part to keep them the best they can be. I feel my time with the fire department would help me understand their needs, and also help others understand the operations of public safety.

Other participation: During my time with LSF, I was a member of the Public Education Team. During that time I presented safety classes to grade schools, high schools, people with special needs, and at downtown events. I am a CPR instructor, and instructed at local churches, and local organizations. I presented bike, car, and weather safety at Lee's Summit Safety Town for three years. I volunteered to help with downtown event when my schedule allowed. I am now ready to help again, thank you for your consideration.
