Interest Response: I have grown up in Lee's Summit since my preschool days, left for may 5 year Masters after high school, and came back. I brought my now husband with me, and am raising 2 littles. I can't imagine another city to raise them. We are between great schools, and are starting to grow our amenity base for all age types, including all housing oportunities to accomodate all walks of life. We are growing, and have a lot of growth. Nothing makes me more passionate about where we live than being able to help filter what developments works for our community. I've been on the planning commision going on close to 6 years now, I feel we're just getting started.

Other Activities: I'm heaviliy involved in the local architectural community, but Planning has been my main involvement.
