NAME OF ADDRESS

RE: Notice of intent to provide city-wide solid waste collection services

Dear **COMPANY**,

On April 15, 2025, the City Council of the City of Lee's Summit, Missouri, approved the City's intent to assume control of residential solid waste collection activities for single-family dwellings up to and including four-plexes within the corporate boundaries of the City of Lee's Summit, Missouri. This letter serves as your two-year notice as required under applicable Missouri Law, including RSMo. § 260.247. This notice is effective as of the date of this letter. Your company may continue to provide contracted residential waste collection services within the corporate boundaries of the City of Lee's Summit until two years after the date of this letter or until the city-wide residential solid waste collection services begin, whichever date is later.

The City will hold meetings with stakeholders, including your company, if you wish to participate, to obtain feedback on this issue. Based on the feedback received and after further consideration by the City Council, the City anticipates issuing a request for proposals for city-wide residential solid waste collections services later this year.

If you have any questions or need any clarification on this notice, please do not hesitate to reach out to Chris Bussen at 816-969-1981 or via email to chris.bussen@cityofls.net

Sincerely,

Mark Dunning
City Manager
City of Lee's Summit
