In considering a special use permit application, the Planning Commission and City Council will give consideration to the criteria stated below to the extent they are pertinent to the particular application. (See UDO Section 6.650.)

1. Character of the neighborhood.
2. Compatibility with adjacent property uses and zoning.
3. Suitability of the property for which the special use is being requested.
4. Extent to which the proposed use will negatively impact the aesthetics of the property and adjoining properties.
5. Extent to which the proposed use will injure the appropriate use of, or detrimentally affect, neighboring property.
6. Impact on the street system to handle traffic and/or parking.
7. Impact of additional storm water runoff to the existing system or to the water shed area if no storm sewer is available.
8. Impact of noise pollution or other environmental harm.
9. Potential negative impact on neighborhood property values.
10. Extent to which there is need of the proposed use in the community.
11. Economic impact upon the community.
12. Extent to which public facilities and services are available and adequate to satisfy the demand generated by the proposed use.
13. Comparison of the benefit gained to the public health, safety and welfare of the community if approved versus the hardship imposed upon the landowner if the requested application is denied.
14. Conformance to the UDO and current city policies and ordinances.
15. Recommendation of professional staff.
16. Consistency with permitted uses in the area in which the special use is sought.

SPECIAL USE PERMIT EXPLANATION

In addition to the special use permit criteria, special conditions relate to the operation of certain uses. From Article 6 of the UDO, list the special conditions that relate to the requested use. Explain **IN DETAIL** how this application meets each of the special conditions. **Failure to complete each will result in an incomplete application.**

AutoDreams specializes in used vehicle sales, automotive service/repair, and new tire sales. We started this business in 2013, and moved to our current location in early 2017. We have been conducting business out of this location successfully, and without incident, since it opened. Due to COVID, and other economic factors, we added AutoDreams Service & Tire in October of 2020. In order to accomodate both businesses, we are in the process of expanding our location to include additional covered parking for sales vehicles/customers. AutoDreams Service & Tire now takes up about 70% of what used to be the indoor used vehicle storage & showroom area for AutoDreams. For this reason, we have no choice but to expand our current parking area to include covered parking for our sales vehicles/customers. AutoDreams sales will still conduct business within approximately 30% of the warehouse space. This will include daily activities such as sales, vehicle marketing, office-related activities, etc... The finished office and customer waiting areas are used for both sales and service-related activities. These spaces have sufficiently served both businesses, and will continue to serve both businesses for the foreseeable future. Both AutoDreams vehicle sales, and AutoDreams Service & Tire require a SUP for our zoning of PI. This application will address those uses, and will show that we've been successfully operating both businesses out of this location for multiple years. AutoDreams and AutoDreams Service & Tire are a positive contributor to the City of Lee's Summit in the demand both businesses fulfill, and in the tax revenue both businesses generate for the City of Lee's Summit and State of MO. Our 100% positive reviews reflect this.
