Position Held:

Interest Response: Why I am interested. Lee's Summit is a pretty special place. We have a City Council that actively engages with our citizen-volunteer Board's and Agencies to encourage new ideas and to preserve the best of what is good.

It was my great privilege and honor to serve as General Counsel to the Industrial Development Authority for ten years. During that time the Authority provided conduit bond financing for numerous projects, and began to assume a more active role in the economic development of the Community. It was instrumental in providing matching grant funds for community-gateway signage at the Western and Northern city limits. -- long term community goals that had languished for lack of funds.

The opportunity to contribute knowledge and experience to help maintain the Authority's record of success would be a privilege and honor.
