11. Committee Reports

Councilmember Prier stated the Public Works Committee met last night and covered several topics that were in the ordinances adopted by Council tonight. She noted the public comment period for the Capital Improvement Plan is open until April 20, 2025 and the link can be found on the City's website by searching for "CIP".

Councilmember Lovell advised the Legislative and Intergovernmental Relations Committee received a great report from the lobbyist and that House Bill No. 661 did not pass in the House. This bill, if passed, would have had the potential to have a major financial impact on the city as it requires municipalities and the department of transportation to reimburse non-rate regulated utilities for site relocation costs incurred due to road maintenance.

Councilmember Lovell also noted the Community and Economic Development Committee met last week and held a public hearing on the Community Development Block Grants and this will be coming forward to council in the next couple of weeks. This committee will also be hearing several other items soon including panhandling, c-store regulations, chickens, urban infill and housing.

Councilmember Shields thanked the other committees for their work and the updates. She advised the Finance and Budget Committee would be holding a Special Session on Monday, April 21, 2025 at 4:00pm.

Councilmember Prier stated the Legislative and Intergovernmental Relations Committee also discussed the possibility of having a lobbyist in Washington. Mayor Baird had noted there were other cities that had seen this as a great investment for their city.

Councilmember Lovell stated he attended the MARC Total Transportation 2026 Committee meeting and they were provided with a lot of information regarding the 2026 World Cup. Mr. Michael Park, Director of Public Works, provided more detail on this including the possibility of Lee's Summit having a destination "Park and Ride" location at the Lee's Summit Technology Campus which could have significant impacts on the City. The Kansas City Region has a host city has been noted as one of the most progressive as far as transportation considerations as they have already contracted for \$16M and 200 leased busses for this event.

12. Council Comments:

Councilmember Rader asked how Council handles commenters like Mr. Musset.

Mayor Baird stated Council has heard from Mr. Musset before and staff will reach out to him and work with him on a resolution.

Councilmember Prier advised she attended a luncheon today for a great nonprofit, "Answering the Call" and invited others to check them out and to get involved.

Councilmember Lovell thanked staff for organizing the beautification and designs presentation in such a clean and concise way that made it easy to process and looks forward to hearing more and moving forward.

13. Staff Roundtable

Mr. Mark Dunning, City Manager, advised there are several events going on in Lee's Summit with "Let's Pick it Up Lee's Summit" these events include:

Stream Team - April 19, 2025 - 10am - Noon - Deer Valley Park, 1400 NE Neawanna Drive

Sweep the Summit - April 25 and 27 - Register online to clean up your choice of areas

RecycleFEST - May 3, 2025 - 9am - Noon - Maintenance Facility - 1971 NE Hamblen Road

He also noted there is a pollinator festival that will be coming up in June that is sponsored by the City. Additionally, there was a misunderstanding on the "Sponsor a Highway" program that was recently discussed. Mr. Dunning did not note this was being assigned to any committee as it did not appear there was enough interest but later found it had been assigned to the Community and Economic Development Committee. After some discussions, it was determined if there was enough Council interest it would be best to have this assigned to the Public Works Committee so they could work with MODOT.

Mr. Dunning advised that next week's Council meeting will be a joint session with the Planning Commission to discuss design standards.
