**A motion was made by Councilmember Funk, seconded by Vice Chair Carlyle, that this Ordinance be recommended for approval to the City Council. The motion carried by a unanimous 4-0 vote.**

- I. [RES. NO. 25-08](#) A Resolution to adopt Phase II of the Airport Master Plan Update. (BOAC 4/2/25 and PWC 4/14/25)

Mr. Mike Anderson, Deputy Director of Public Works/Operations, provided an overview of the Resolution to adopt Phase 2 of the Airport Master Plan. Phase 2 focuses on two large scale FAA requirements of the Master Plan to include the Airport Layout Plan (ALP) and the Exhibit A Property Map.

Mr. Anderson also informed the Committee that a letter of no objection was received from the FAA with regard to renaming of the Airport to Kansas City-Lee's Summit Regional Airport. He shared images of the newly developed marketing logos.

**A motion was made by Councilmember Rader, seconded by Vice Chair Carlyle, that this Resolution be recommended for adoption to the City Council. The motion carried by a unanimous 4-0 vote.**

- J. [2025-6789](#) Presentation: Pavement Management Program

Mr. Vince Schmoeger, Project Manager, presented the FY25 Pavement Management Program. He briefly summarized four main pavement maintenance categories including mill and overlay, surface seal, crack seal, and curb replacement. Mr. Schmoeger explained the City's pavement management cycle consisting of pavement analysis, contracts, and a bidding process. The presentation included several pictures of pavement repairs from the current program.

Vice Chair Carlyle inquired about a southern portion of Ward Road that was concrete rather than asphalt, as to which material lasts longer. Mr. George Binger, Deputy Director/City Engineer, informed the Committee that concrete has a longer lifespan and requires less maintenance than asphalt. Historically, the initial costs of using concrete was higher while maintenance costs were much lower; however, in more recent years there have been periods when the costs of either material was comparable. Chair Prier asked why Lee's Summit does not use more concrete as opposed to asphalt, noting that Overland Park recently made this change. Mr. Park, Director of Public Works, explained that many of the Capital projects are using concrete. He cited Pryor Road, Colbern

Road, and Chipman Road as examples. He was aware that Overland Park recently changed its design standards for residential subdivisions to the use of concrete. This is something that Lee's Summit could discuss, if desired.

**This Presentation was presented.**

**K. [2025-6798](#) Presentation: FY2026 Capital Improvement Plan Update**

Mr. Binger, Deputy Director/City Engineer, presented an update on the FY26 Capital Improvement Plan. He stated the CIP is currently posted online for public comment and the draft FY26 CIP Summary Report will be submitted to the City Council. Mr. Binger summarized the Capital project process, project sequencing, funding mechanisms, and the current status of the FY26-30 CIP development draft. The impact of public comments on the CIP was also discussed. Committee members asked general questions about the CIP process and Mr. Binger and Mr. Park answered their questions.

**This Presentation was presented.**

**L. [2025-6886](#) Stormwater Utility Update April 2025**

Mr. Park started the presentation by reminding Committee members that the City Council directed this priority goal to be sent to Public Works Committee. Additionally, Mr. Ryan Elam, Assistant City Manager, reminded Committee members about the four priority Council goals: solid waste, housing, beautification, and stormwater. Mr. Binger proceeded with his presentation review of stormwater's widespread impact, various issues involving stormwater, the City's current level of service, and past discussions about establishing a stormwater utility. Councilmembers had general questions about the presentation, and Mr. Binger answered their questions. The Committee requested additional clarification on future discussion items to include: the desired level of service, the cost to support dedicated stormwater crew(s), funding options, potential tracking methods, and what this question/item would look like on a ballot. Mr. Park suggested a primary focus to start with defining the desired level of service.

**This Presentation was presented.**

**6. Roundtable**

None.

**7. Adjournment**

**The April 14, 2025, Public Works Committee meeting was adjourned by Chair Prier at 6:58 p.m. at City Hall, 220 SE Green Street, City Council Chambers.**
