

ARCHITECTURE AND BUILDING DESIGN STANDARDS

Aimee E. Nassif AICP
Deputy Director of Development Services

June 12, 2024

Current UDO Standards Article 8

1

Minimal standards for residential developments of all types

2

Building materials are identified for non-residential structures

3

Four sided architecture required for non-residential structures

Opportunities and What We've Heard to Date

1

Review and strengthen desired building materials and building material requirements for non-residential structures

2

Consider building design requirements addressing vertical and horizontal articulation

3

Discourage flat facades and for residential - discourage overemphasis of garages on front elevation

4

Improve readability and organization of chapter

Community Appearance

Ignite! Comprehensive Plan Design Principles

“Community design principles provide guidance for the future development and redevelopment of Lee’s Summit’s Activity Centers and corridors.

While the principles are not prescriptive, they do provide overarching guidance for new streets, open spaces and buildings. They serve as the basis for the review of development applications, revisions to, or the development of, future regulatory guidance, and as a signal to the community regarding the expected character and quality of development.”

Recent Updates

MATERIAL SAMPLES

We now require applicants to bring to Planning Commission and City Council.

MATERIAL SCHEDULE

We now require a material schedule with details to be included on the elevation plan set with the PDP and FDP.

COLOR ELEVATIONS

Elevations must now be submitted in color instead of black and white and must also be drawn to architectural scale.

Outcomes and Expectations

1

Implementation of Ignite! Goals

2

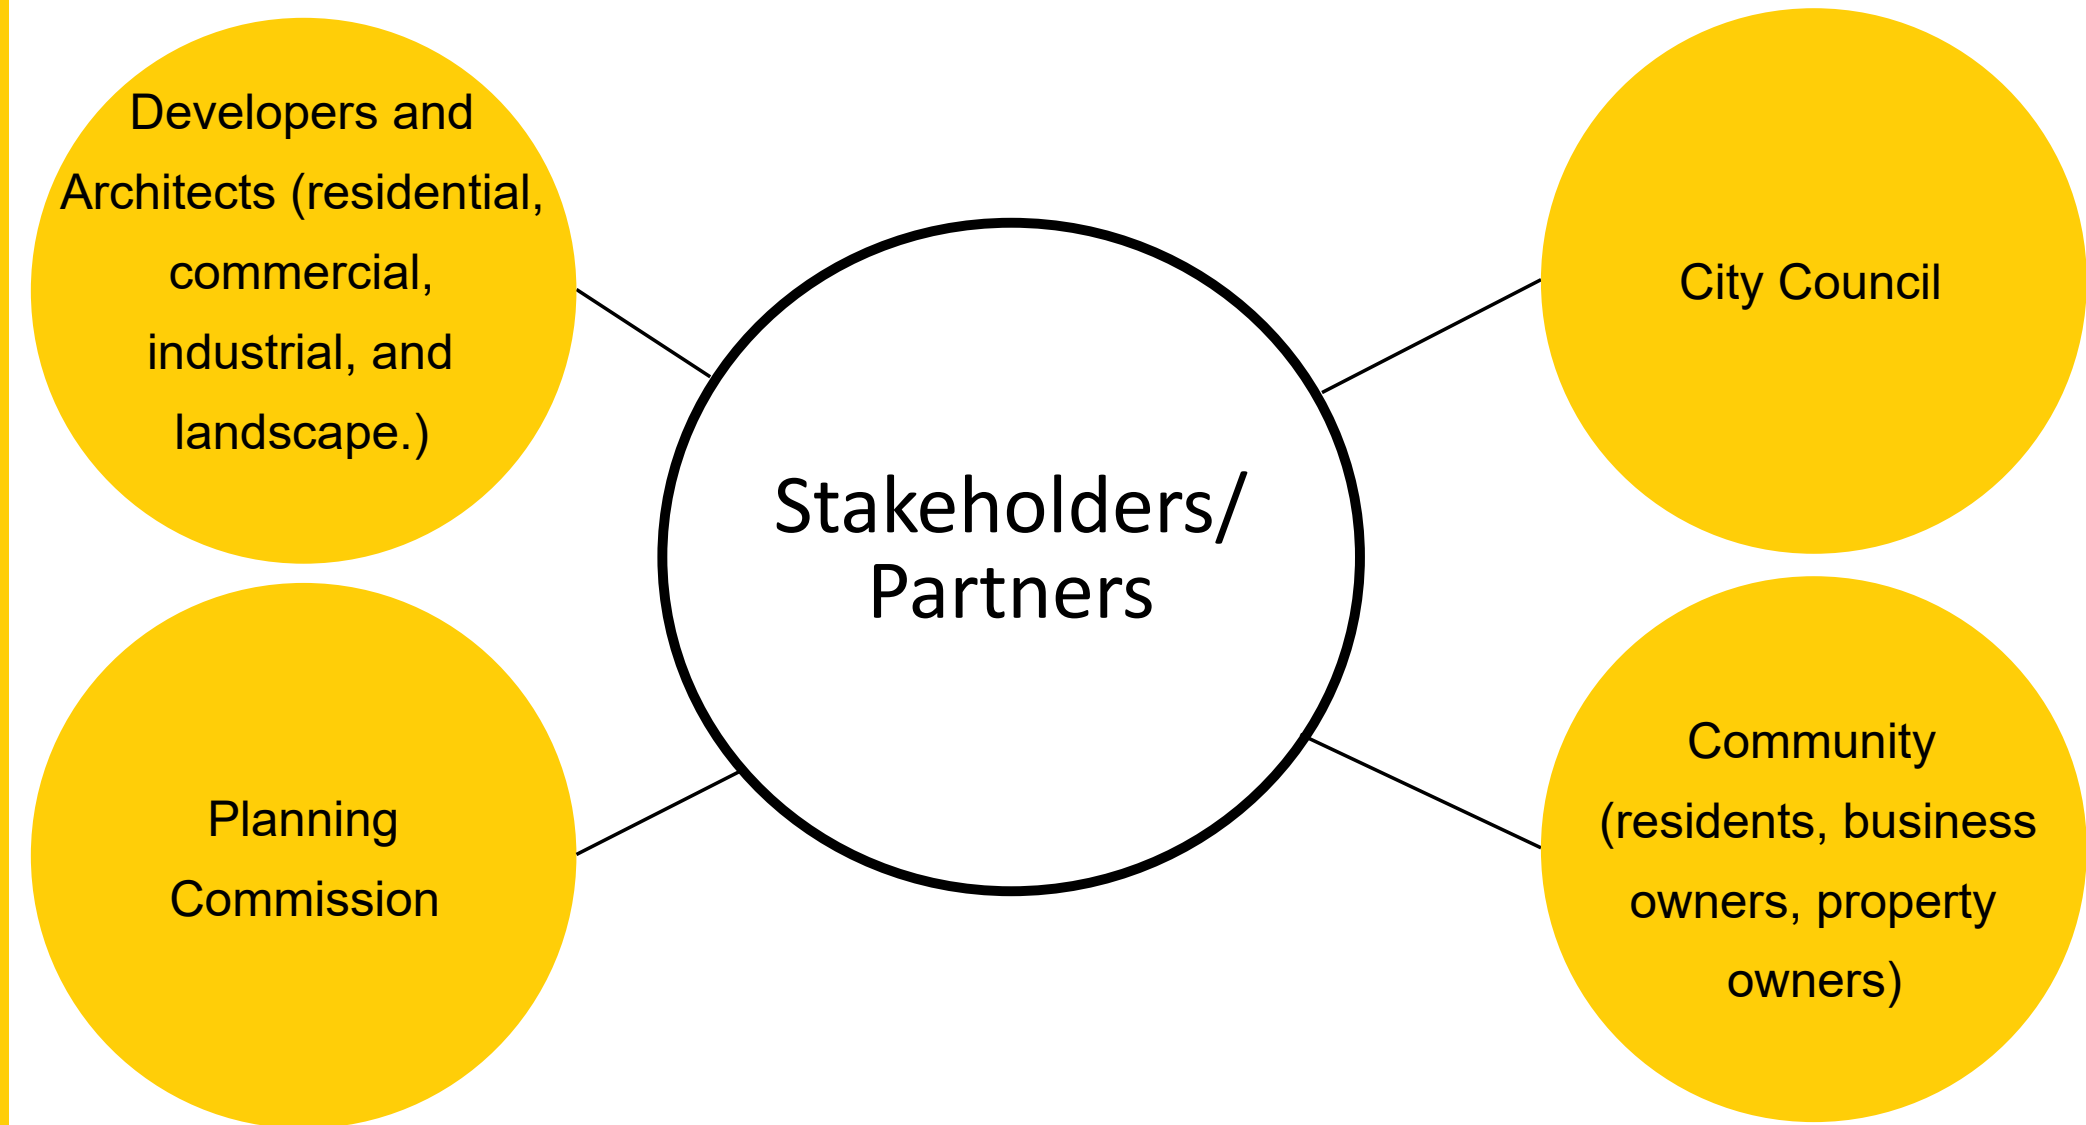

For developers: clarity in requirements and improved process efficiencies

3

For the city: update standards to reflect community desire for future growth

Outcomes and Expectations

Next Steps

Creation and publication of Request for Qualifications (RFQ). Then review and selection of consultant.

CEDC agenda for consultant selection discussion with staff prior to City Council approval.

Award contract to consultant and begin engagement process.
