LEE'S SUMMIT MISSOURI

DEVELOPER +

DEVELOPING REAL ASSETS KINDLY & EFFICIENTLY

drake development is a full-service commercial real estate development group located in Overland Park, KS. The company is actively engaged in all phases of the development process including site selection, acquisition, site planning, leasing, construction, and investment sales.

With the ever-increasing demand from municipalities and patrons alike for dense, walkable, mixed-use developments, Drake Development has begun focusing on fulfilling this desire. Drake has recognized the absence of mixed-use projects in smaller and mid-sized communities. To respond to this void and make such projects economically feasible, a strong public-private partnership is critical.

Drake Development has extensive experience partnering with mid-sized communities to develop the infrastructure necessary to support a first-class, mixed-use development. Drake is currently involved in the development of various mixed-use projects aiming to provide a live, work, and play environment for mid-sized communities experiencing growth.
