Sec. 15.300. Appeal.

Appeal for variance from any provision of the Comprehensive Zoning Ordinance shall be to the Board of Adjustments.

Sec. 15.310. Applicant.

Applicant shall mean the owner of land, or the owner's authorized agent, or any person authorized by this chapter for which an approval in relation to this chapter is sought.

Sec. 15.315. Architecture.

- A. **Building Facadism.** Building facadism is the application of false or fake building facades or elements over an existing building façade or roof.
- B. **Clear Glass.** Clear glass is defined as glass windows and doorway openings with at least a seventy percent (70%) light transmittance and no visible reflective coating, coloring, or other covering. An exception is made for glass integrated with low-emissivity glass (low-e) or UV coatings or treatments.
- C. **Façade Area.** The total exterior wall area of all vertical or near-vertical faces of a building wall that are four feet (4') in width or greater when viewed in elevation. Façade area shall be calculated to include the entire building face of each elevation while excluding any wall area resulting from minor projections and recessions (less than five feet (5') feet in depth) from the predominant wall plane. Façade area shall be calculated to include the area of parapets, cornices, and similar wall extensions and trim.
- D. **Fenestrations.** For the purposes of this chapter, fenestrations are defined as window and doorway openings.
- E. **Franchise Architecture.** For the purposes of this chapter, franchise architecture refers to the standardized design of buildings or integral building forms that are readily identifiable with a specific commercial franchise.
- F. **Major Façade Materials.** Exterior finish materials that cover at least five percent (5%) of a building's façade area. Any material that covers less than five percent (5%) of a building façade area shall not be considered a "major" façade material and will not count towards meeting any requirement for use of

multiple Class 1, 2, 3, and/or 4 materials. For the purposes of this definition, a distinctly different color of fired clay brick (full brick or brick veneer) may be considered as an additional Class 1 or Class 2 material for the purposes of meeting the required minimum number of different major façade materials.

- G. **Pedestrian View Zone.** For the purposes of this chapter, the pedestrian view zone is defined as the 8-foot-tall area of the subject building's primary façade(s) that is between two feet (2') and ten feet (10') feet above the adjacent sidewalk or ground level.
- H. **Primary Façade.** All street-facing façades (i.e., all building façades that face or front along a public or private street including highways), and façades containing a primary entrance to a building or unit. Buildings may have more than one primary façade as is the case with buildings located on corner lots and double frontage lots. All other façades not meeting these criteria shall be considered "secondary" façades.
- I. **Secondary Façade.** All facades that do not meet the criteria as a "primary" façade. See definition for "Primary Façade."
- J. **Street Facing Façade.** All building façades that have frontage along or face a public or private street at an angle of forty-five degrees (45°) or less from the street line. This definition includes those building façades separated from the street by a parking lot or open space. This definition does not include frontage along an internal drive that is not classified as a private street.

Sec. 15.320. Art and craft studio (general).

Art and craft studio (general) shall mean a use involving the production of works of art which require mechanical equipment exceeding two horsepower or a single kiln that is eight kilowatts or greater. This use shall include the incidental sale to consumers of those works produced on site.

Sec. 15.330. Art and craft studio (limited).

Art and craft studio (limited) shall mean a use involving the production of works of art by individuals and assistants and the incidental sale to consumers of those works produced, limited to the use of hand tools or domestic mechanical equipment not exceeding two horsepower or a single kiln not exceeding eight kilowatts.
