Karen Allison, P.E.

I am writing in reference to your email request sent to James Dickerson on April 11, 2024, regarding the replacement of the Sampson Road Bridge over Mouse Creek. This project is located in Jackson County Missouri within the fee owned property of the U.S. Army Corps of Engineers at Longview Lake and is currently leased to Jackson County Parks, lease DACW41-1-87-34. The following documents were reviewed regarding this determination.

USACE Regulatory approval under Nationwide Permit 14 for Linear Transportation.

USACE tract 357 (City of Lees Summit tract 5 USA 2450 SW Sampson Rd)

USFWS Threatened and Endangered Species review dated 15 August 2024.

USACE Cultural Resources review & approval dated 12 June 2024.

While our Real Estate Division is in the process of drafting the easement for this work, we understand that you will proceed with advertisement, contract award, and construction of this project. Real Estate will finalize the easement and provide that to you in the future. We understand the urgency of the project due to the condition of the existing bridge being in poor condition and to prolong the project would put the public's safety at risk along with increasing environmental degradation to the area from erosion. Additional considerations for the determination include that the roadway and bridge are existing structures and the construction project would be considered general maintenance if the existing easements could be located.

If you have any questions, please feel free to contact myself at 816-389-3947.

Sincerely,

*Derek R. Dorsey*
