8. Council Comments:

Councilmember Adkins stated she has been impressed with the City's progress over the past several years but expressed concern that the Municipal Court's requests had not been addressed more quickly. She asked what actions could be taken to expedite the matter at the August 18, 2026, Council meeting.

Mr. Mark Dunning, City Manager, explained that neither the City Manager nor the City Council has authority over the Municipal Court as an independent judicial body, including matters related to court schedules or judicial salaries.

Mayor Lopez recused himself from the discussion.

Mayor Pro Tem Shields further explained the Council's role and limitations regarding the Municipal Court and noted that the matter had been assigned to the Finance and Budget Committee.

Councilmember Carlyle, Chair of the Finance and Budget Committee, reviewed the applicable provisions of the City Charter, Missouri statutes, and Missouri Supreme Court decisions governing judicial compensation. She explained that the salary of a sitting Municipal Judge cannot be changed during the judge's term and that the Council does not have the authority to override those legal restrictions.

Following discussion, Council was advised the matter would return for consideration at the August 18, 2026, Council meeting and, if necessary, would then be referred to the Finance and Budget Committee for further review.

Councilmember Prier stated she also wished to see the Municipal Court process expedited. She expressed interest in the upcoming discussion on incentives at the Community and Economic Development Committee and suggested the Council consider encouraging parking lots to be located behind buildings, consistent with comments previously made by Councilmember Carlyle during the incentive request presentation.

Councilmember Frazier requested an update on the Municipal Court Administrator and Clerk vacancies. Staff advised the recruitment process for both positions is progressing
