3	Honestly I choose FBO's based upon their past performance and reviews more so than by name. Your facility and people are fantastic! I'd highlight the people aspect - your team is the most friendly anywhere.	7/17/2024 10:43 AM

13	The name Summit should do it. I don't think the full City name of Lee's Summit should be used. This would just make it another airport named after its location. The word "Summit" should mean top service, not a place. Of course, people will also associate the word "Summit" with the City	7/15/2024 4:21 PM

24	I don't believe that the name of the FBO should be tied to the community as the users you need to attract aren't picking LXT due to its community ties. We have started using MKC due to the service provided and the hours, it is difficult to self fuel a turboprop and the FBOs at MKC are open later in the evening.	7/15/2024 12:03 PM
