WHEREAS, the City of Lee's Summit, Missouri (the "City") is a constitutional charter city and municipal corporation of the State of Missouri, duly created, organized and existing under and by virtue of the Constitution and laws of the State of Missouri; and,

WHEREAS, the City is authorized under the provisions of Article VI, Section 27 of the Missouri Constitution, as amended, and Sections 100.010 to 100.200, inclusive, of the Revised Statutes of Missouri, as amended (collectively, the "Act"), to purchase, construct, extend and improve certain projects (as defined in the Act) for the purposes set forth in the Act and to issue industrial development revenue bonds for the purpose of providing funds to pay the costs of such projects and to lease or otherwise dispose of such projects to private persons or corporations for manufacturing, commercial (including residential rental property operated for a profit), warehousing and industrial development purposes upon such terms and conditions as the City shall deem advisable; and,

WHEREAS, the City has previously approved the Plan for an Industrial Development Project for the Douglas Station Apartments Project (the "Plan"); and,

WHEREAS, in furtherance of the Plan, a project has been proposed consisting of the construction of a multifamily apartment complex of approximately 150 one and two bedroom units consisting of five three-story buildings with masonry, lap siding, and board and batten facades, high-end interior finishes, with approximately 36 garage spaces, 15 electric vehicle charging stations, a swimming pool, integrated clubhouse, fitness center, leasing office, and lounge area (the "Project"), to be situated on approximately 6.4 acres situated to the south of the intersection of NW Sloan and NE Sycamore Street in Lee's Summit, Missouri; and,

WHEREAS, pursuant to Ordinance No. 10047 passed on December 17, 2024, the City authorized the acquisition of the Project, once completed, using proceeds of industrial development revenue bonds to be issued under the Act after completion of the Project, which was anticipated to occur in 2028; and,

WHEREAS, changes to Section 107.170 of the Revised Statutes of Missouri, as amended, that became effective on August 28, 2025, eliminated the need for the City to require a payment bond in connection with the Project, which removes an expense that would have otherwise been paid by the developer of the project, and which was the reason for the originally intended delay in issuing the industrial development revenue bonds until after completion of the Project in 2028; and,

WHEREAS, the developer of the Project has requested, and the City now intends, to authorize the City to acquire the Project in its current state and arrange the completion of the Project using proceeds of industrial development revenue bonds to be issued under the Act (the "Bonds"); and,
