years as resident and applicant is now retired.

Phone: 816-442-8313

Council District: District 2

How many years a resident: current 3 previously 9

High School: Cunningham, KS

College: Kansas University

Employment: FAA

Position: Aerospace Engineer Acionics Certification

Why interested: I'm proud to be a citizen of Lee's Summit, we enjoy living here. We lived in town during the 70's and 80's but moved for job related reasons. After early retirement and having lived in numerous cities and states we chose to return to Lee's Summit. I would like to help maintain and grow this wonderful home. I have a PhD in engineering, am a Licensed Professional Engineer in the state of Missouri, a commercial pilot and flight instructor, and have managed organizations as large as 450 people with a budgets of \$250,000,000. Currently I am the Avionics Certification Specialist for the FAA Small Airplane Directorate in Kansas City and have experience with governmental regulation, public works, and the public process in government. I believe I can be of value as a member of the commissions I have noted.

Other participation:

Interested in serving on: Board of Aeronautical Commission, Industrial Development Authority, Planning Commission
