**PRYOR MIXED-USE COMMUNITY IMPROVEMENT DISTRICT**

**CITY OF LEE'S SUMMIT, MISSOURI**

**The information and details outlined in the following pages represent the strategies, and activities that it is anticipated will be undertaken during the initial five-year duration of the Pryor Mixed-Use Community Improvement District in Lee's Summit, Missouri. It is an integral and composite part of the petition to establish the Pryor Mixed-Use Community Improvement District.**

## **Introduction**

The Pryor Mixed-Use Community Improvement District (the “District”) is created pursuant to Section 67.1401 through 67.1571 of the Revised Statutes of Missouri (the “CID Act”). Section 67.1421, RSMo, requires that the petition for the creation of the District be accompanied by a five-year plan which includes a description of the purposes of the proposed district, the services it will provide, the improvements it will make and an estimate of the costs of these services and improvements to be incurred. This Five-Year District Management Plan (the “Plan”) is intended to satisfy this statutory requirement, and is appended to the Petition for Formation of the District as an integral part thereof.

### **Section 1 - Why Create a Community Improvement District?**

The District will encompass a 20.92 +/- acre plot of land located at the southeast quadrant of the intersection of Missouri Highway 150 and Southwest Pryor Road in Lee’s Summit, Missouri (the “Development”). The purpose of the District is to undertake certain improvements and services within the District, as discussed below, and to use or make available its revenue to pay the costs thereof, including without limitation debt service on any notes, bonds or other obligations issued and outstanding from time to time to finance all or any of such costs.

### **Section 2 - What is a Community Improvement District?**

A community improvement district is an entity that is separate from the City of Lee’s Summit and is formed by the adoption of an ordinance by the City Council following a public hearing before the City Council regarding formation of the District. A CID may take the form of a political subdivision of the State of Missouri, or a nonprofit corporation that is formed and operated under Missouri corporation laws. CIDs are empowered to provide a variety of services and to construct and/or finance a number of different public improvements, and in a blighted area, private improvements, as set forth more particularly in the CID Act. CIDs derive their revenue from taxes and assessments levied within the boundaries of the CID. Such revenues are then used to pay the costs of the services or improvements. A CID is operated and managed by a board of directors, whose members may be appointed or elected. Board members serve for a designated period of time, and the Board positions are again elected or appointed at the expiration of each term as provided in the petition creating such CID.

### **Section 3 - Management Plan Summary**

The District in this case will take the form of a separate political subdivision of the State of Missouri, which will be governed by a Board of Directors that will consist of five (5) members appointed by the Mayor of Lee’s Summit with the consent of the City Council pursuant to a slate submitted in accordance with the Petition.

#### *District Formation:*

CID formation requires submission of signed petitions from a group of property owners:

- collectively owning more than fifty percent (50%) by assessed value of the real property within the District, and
- representing more than fifty percent (50%) per capita of all owners of real property within the District.

In this case, the Petition to which this Plan is attached has been signed by the owners of 100% of the assessed value and 100% of the per capita property owners within the District.

*Location:*

The Development is located at the southeast quadrant of the intersection of Missouri Highway 150 and Southwest Pryor Road in Lee's Summit, Missouri and consists of approximately 20.92 +/- acres (plus adjacent Pryor Road right-of-way), as more particularly described in the Petition.

*Assessed Value of District:*

The total assessed value of the properties within the District on the date of the Petition is \$1,700.

*Improvements and Services:*

The purpose of the District is to provide funding for the construction of certain public improvements and the provision of certain services within the District's boundaries. The improvements initially contemplated include road improvements and regional stormwater facilities (the "Public Improvements"). The particular items included within the Public Improvements may be modified from those listed herein as allowed pursuant to a cooperative agreement between the District, City and developer of the project. The costs of the Public Improvements to be financed by the District shall include all associated with design, architecture, engineering, financing costs incurred to finance such Public Improvements, and legal and administrative costs of same. The District may also provide funding for the District's formation and its ongoing operation and administration costs on an annual basis.

It is also anticipated that all costs, including attorneys' fees, associated with formation of the District, including, but not limited to, the preparation of the CID Petition, the negotiation and drafting of any agreements entered into upon formation of the District in furtherance of the District's purposes, and the initial implementation of the District ("Formation Costs") will be reimbursed to the advancing party, or paid directly, from funds generated by the District.

The District will enter into a cooperative agreement with the City and the developer of the project, and such agreement will set forth the restrictions and limitations associated with funding the Public Improvements and the approval of any additional improvements that are not set forth in this initial Five Year Plan. The cooperative agreement will also contain provisions which permit the District to fund services after all Public Improvement Costs have been reimbursed to the appropriate party.

*Method of Financing:*

It is proposed that the District will impose a sales and use tax of up to one percent (1%) (the "District Sales Tax"), which is in addition to any other state, county or city sales and use tax. The District Sales Tax is payable on the same retail sales that are subject to taxation pursuant to Sections 144.010 to 144.525, RSMo, except sales of motor vehicles, trailers, boats or outboard motors, and sales to or by public utilities and providers of communications, cable, or video services. All costs of the District shall be financed in the manner and amount determined by the Board of Directors from the amounts on deposit with the CID. Amounts advanced to the District by the Petitioner, or its successors or assigns, to cover the costs contemplated hereunder will be reimbursed by the District upon the availability of funds. All financing costs, including interest costs, associated with any loan obtained by the District, or notes, bonds, or other obligations issued by District to finance Improvements and/or Services may be paid from CID Sales Tax revenues.

*Estimated Costs:*

Attached as **Exhibit A** to this Plan is a table setting forth the estimated cost of the Improvements and the Services, and a table setting forth the projected cash flow for the first five years of the District's existence.

*City Services:*

The CID Act mandates that existing City services will continue to be provided within a CID at the same level as before the District was created (unless services are decreased throughout the City) and that District services shall be in addition to existing City services. The District anticipates that City services will continue to be provided within the District at the same level as before the District was created, and the District will not cause the level of City services within the District to diminish.

*Duration:*

The District will operate for a maximum term of twenty-seven (27) years from the date that the District Sales Tax commences to be collected within the District. Notwithstanding that the District is at the time providing Services, but subject to the contractual rights of any third parties, the District may be terminated prior to the end of such maximum term if the Improvements have been completed and the costs thereof paid for or reimbursed in full with CID Sales Tax revenue. The petition process must be repeated for the District to continue beyond such maximum term.

**Section 4  
District Boundaries**

The legal description of the District is attached as Exhibit A to the Petition.

**Section 5  
Facilities and Services to Be Provided**

As explained above, during the first five years, the purpose of the District is to provide revenue sources in support of contracting with any private property owner to effectuate the Improvements, and providing or contracting for the Services.

**Section 6  
Governing the Community Improvement District**

*City Council:*

Following the submission of the Petition, the City Council will conduct a public hearing and then consider an ordinance to create the District.

*Board of Directors for District:*

The District will be governed by a Board of Directors that will consist of five members appointed by the Mayor of Lee's Summit with the consent of the City Council pursuant to the terms of the Petition. It is anticipated that if the District submits names of suggested successor directors to the City in writing at least thirty (30) days prior to the expiration date of the terms of the applicable directors, the Mayor shall appoint such directors as successor directors, with the consent of the City Council, unless the Mayor provides the District with a reasonable written explanation that such

suggested successor directors do not meet applicable legal requirements or lack the competency to serve as directors.

*Annual Budget:*

The District's budgets will be proposed and approved annually, within the limitations set forth in this Plan, by the District's Board of Directors. Budgets will be submitted annually to the City Council of the City of Lee's Summit for review and comment in accordance with the CID Act. The District will operate at all times in accordance with the District Rules and Regulations (Section 7) and the Bylaws of the District.

**Section 7**  
**District Rules and Regulations**

1. The District shall operate at all times in accordance with Bylaws that may be adopted by the Board of Directors. The District shall at all times conduct its proceedings in accordance with Robert's Rules of Order, except as otherwise provided in any Bylaws.
2. The Board of Directors of the District will meet at least on an annual basis.
