City of Lee's Summit

Re: Airbnb located in the Monarch View Subdivision.

To whom it may concern:

I am writing this letter in protest to the existence of an Airbnb in the Monarch View subdivision in Lee's Summit, MO. As a homeowner in this subdivision, I am against the operation of an Airbnb for several reasons. First, it goes against the HOA rules and regulations of our neighborhood about running a business out of your home or in the subdivision. I am also led to believe that Airbnb's need to be owner occupied. As a nearby neighbor, I have not seen or currently see any evidence of Anthony staying at the residence at all. The house has been vacant for the last several months, with the exception of renters going in and out. For months, Anthony has been operating this Airbnb without authorization from the city or proper permits. He is also not following the city's guidelines of running a proper Airbnb.

The other issues about this particular Airbnb are the disruptions to the neighborhood. There have been several occasions where cars will drive slowly down the street and around the block multiple times. Renters have also been known to knock on neighbor's doors. On separate occasions, we have seen more than ten to twenty people in the house or outdoors. Once there were cars and people lining the cul-de-sac, making it difficult for neighbors to drive past. They were also very loud and disruptive, scattered around both the front and back yards.

In summary, Airbnb's are not allowed according to our subdivision rules. The same rules that we all agreed to when we bought homes in this neighborhood. This is simply not allowed, and the previous and current operation of it has been illegal. All surrounding neighbors have voiced their opinions and concerns pertaining to this and do not want this continue.

Protest to Application

Attachment 01 of 01 Page 01 of 02

The residence at 2710 SW Monarch Court is being advertised on AirBnB as sleeping up to 16 persons. The cost was listed as \$99 a night. On one particular evening, 18 automobiles were parked at that address. While the advertisement for AirBnB says that no parties are allowed, "sleeps 16" sounds like a party to me.

It is my understanding that this "motel" has been operating as an unlicensed business. If the homeowner is going to advertise that the house sleeps 16; then I think the fire department, the health department, and the building codes inspector need to closely inspect the house/motel. Are there enough exits to safely accommodate the evacuation of 16 sleeping persons? Should a sprinkler system, or other fire suppression equipment be installed to protect the motel guests? Are the smoke detectors working? Does the motel operation meet the high standards of the health department?

I discovered that the deck on my house had been improperly built. Since the same builder constructed all of the houses, I must wonder if the deck on the house/motel will support the weight of 16 people and their guests?

Does the house/motel have enough seating to safely accommodate 16 people – and their guests? Can that many people safely egress during a life threatening emergency?

I checked with the Lee's Summit Police Department about parking. No parking is allowed within 30' of a stop sign, or other traffic control device. No parking within 20' of an intersection. No parking is allowed within 15' of a fire hydrant. No parking is allowed within 4' of a driveway. In addition, if vehicles park on opposing sides of the street, there must be a 10' path for vehicles to pass.

If the parking ordinances are adhered to, there is NO parking available for people residing on Monarch court – even if the motel guests at 2710 SW Monarch Court Über there and back. While I do see people using Über to travel to and from the house during parties, the overwhelming majority of people drive there, and park on SW Monarch Court.

If this residence is to be licensed as a motel, then I firmly believe that the owner should be required to purchase property and build a parking facility.

I do not think it is proper for a motel-like business to be operated in an area that is zoned residential. If the "m\otel" is to continue operation, I think it should be moved to an area that is zones for a commercial operation, such as a hotel or motel.

Protest to Application

Attachment 01 of 01.
Page 02 of 02

There was also a disturbance on an evening when 18 motorcars were parked at the motel, which reportedly sleeps 16 people. Each of the 18 vehicles I personally observed had at least two (02) occupants. On the evening in question, the party was also on the wooden deck.

There was also a disturbance involving the motel guests, when they discovered that the neighbors were taking photographs of the vehicles parked on the street. The motel guests objected to photographs being taken of their cars, and began repeatedly setting off car alarms. This created enough of a disturbance that my wife & I were unable to watch television in our own home.

If this business is allowed to operate as a motel, then I would hope it would be required to obtain a business license for a motel. It should also be required to buy land, and build a parking facility. I would also hope that the motel would begin paying taxes, to defray the cost of police & fire services, health inspections, the additional stress on public utilities (water, sewers, streets & curbs, etcetera).

Our first choice is that the application to operate an Air BnB be declined.

Virgil L. Hunt, Tr.: Bloky A. Hunt, as owner of the real property (print or type name of person signing protest)
2721 SW Monarch Dr. Lee's Summit, MO, hereby protests the (address or legal description of person signing protest)
Special lese Permit for the property
(rezoning, special use permit, or preliminary development plan)
described in Application # PL 2017-116 to allow a led
4 lereakfast homestay - 2710 SW Monarch Ct. (description of application)
for the following reasons:
- Have underage children and do not like having steady
Stream of various tenants coming and going. We bought our
house thinking we were buying in subdivision zoned residential.
They have parking overnight on streets, which is not allowed due to
Subdivision by-laws. Since no sidewalks people have to walk
Subdivision by-laws. Since no sidewalks people have to walk on sides of street and cas impede this and it is less safe eputation. Will impact property value negatively and townish community reputation signatures:
Beeling a. Hrust

homestay - 2710 SW Monarch Ct (description of application)
for the following reasons:
The house has 4 hedrooms, the conditions stated in City-regulations, state a max of .
3 bedrooms. The AirBNB listing accommodations show the house can sleep 16+.(4 bedrooms).
City Regs state there must be side and rear parking (no rear parking available)
The AirBNB listing has pool amonity crossed out, yet on a recent weekend the renters
used the pool, when Owner not present (violation of HOA rules). The owner is NOT
currently living in the house, and is supposed to be a resident. Numerous violations by
this owner already occurred between Signatures: Gary N. Olsen
HOA rules and City Regulations. Judith C. Olsen
