DEVELOPMENT REVIEW FORM TRANSPORTATION IMPACT

Date: December 4, 2017 CONDUCTED BY: Michael K Park, PE, PTOE

SUBMITTAL DATE: December 4, 2017 **PHONE:** 816.969.1800

APPLICATION #: PL2017203 EMAIL: Michael.Park@cityofls.net

PROJECT NAME: 1850 NE US 40 HWY PROJECT TYPE: Prel Dev Plan (PDP)

SURROUNDING ENVIRONMENT (Streets, Developments)

The proposed development is located at 1850 NE US 40 Highway. The surrounding area includes undeveloped property to south of US 40 Highway and single family residences the north, east and west of the subject property. The subject property is partially developed with a not-for-profit Church/Child Montessori use.

ALLOWABLE ACCESS

The proposed development will be accessed from an existing private driveway shared with the existing land use that intersects US 40 Highway. There are no proposed changes to access along US 40 Highway. The existing driveway may or may not have adequate sight distance (this information has not been submitted by the applicant for staff review), but nonetheless remains a private matter along a state highway.

EXISTING STREET CHARACTERISTICS (Lanes, Speed limits, Sight Distance, Medians)

US 40 Highway is a four-lane, median divided, MoDOT highway that borders the proposed development to the south. No other public streets or highways subject to impact from trips generated by the proposed development are in the immediate vicinity of the proposed development. MoDOT may or may not require improvements to US 40 Highway in support of the development application (this information has not been submitted by the applicant to MoDOT for review), but such review by MoDOT can be done prior to future development activity and would be required for MoDOT permit approval.

ACCESS MANAGEMENT CODE COMPLIANCE?	YES 🗌	No 🗌
------------------------------------	-------	------

No new access is proposed and the adjacent roadway is owned and maintained by MoDOT.

TRIP GENERATION

Time Period	Total	In	Out
Weekday	90	45	45
A.M. Peak Hour	11	9	2
P.M. Peak Hour	14	5	9

The trip generation tabulated above represents a proposed small office building of 5,600 sq.ft.
