- The application shall be accompanied by at least one set of drawings to clearly indicate the requested variance in relation to the property and/or structures. The drawings must be of such detail that it can be clearly read. **These drawings must be able to be clearly read as well as being reproduced. If the drawings are larger than 11" by 17", a smaller copy of the drawings shall also be provided.**

Public Hearing Process

- **Mail Notices.** The applicant must mail notices to the last known owner of record as provided by the county within 185 feet at least 15 days prior to the hearing. Sample notices are available. The notice must include:

The sign shall be placed within 5 feet of the street right-of-way line in a central position on the property that is the subject of the hearing. The sign shall be readily visible to the public. If the property contains more than one street frontage, one sign shall be placed on each street frontage so as to face each of the streets abutting the land. The sign may be removed at the conclusion of the public hearing(s) and must be removed at the end of all proceedings on the application or upon withdrawal of the application.
- Variance applications require a public hearing, allowing the applicant and any other party to present testimony or evidence to the Board. The applicant or his/her representative will be asked to present its case to the Board, FULLY describing the situation and the variance criteria (see Statement of Variance Criteria).

BOARD OF ZONING ADJUSTMENTS PROCESS

- Any evidence presented to the Board will become public record and must be provided in duplicate to the City or tagged as an exhibit at the hearing.

Board's Authority

- The Board of Zoning Adjustment may grant a variance, only if application of the UDO when applied to a particular property, would significantly interfere with the use of the property.
- The Board's authority is limited by the statutes of the State of Missouri and the UDO. The Board may only grant a variance if, in its discretion, each of the variance criteria is met (See Statement of Variance Criteria). **It is the applicant's responsibility to demonstrate to the Board that each of these criteria have been met.** The Board may evaluate the evidence in the record before it, and exercise its discretion on whether each of these criteria has been met on a case by case basis.

The variance will not adversely affect the public health, safety, morals or general welfare of the community.

4. The variance requested arises from a condition which is unique and peculiar to the property in question and which is not ordinarily not found in the same zone or district, and further, is not created by an action or actions of the property owner or applicant.

STATEMENT OF VARIANCE CRITERIA (NON-USE)

5. Substantial justice will be done by the granting of this variance.

Yes, as there is an existing older house in place and will be removed and replaced with a brand new home.

Further, in accordance with Section 4.530.B.2 of the Lee's Summit Unified Development Ordinance, the applicant must meet each of the following requirements to support the granting of the requested non-use variance. Explain **IN DETAIL** how this application meets each of the following requirements.

1. Practical difficulties exist that would make it impossible to carry out the strict letter of the Unified Development Ordinance when considered in light of the following factors:

a. How substantial the requested variation is, in relation to the requirement of the Ordinance.

The requested variation in relation to the requirement of the ordinance is not substantial, meaning the

percentage of requested variance is reasonable.

b. The effect of increased population density, if any, on available public facilities and services, if the variance is allowed.

c. Whether a substantial change will be produced in the character of the neighborhood, or whether a substantial detriment to adjoining properties will be created if the variance is allowed.

STATEMENT OF VARIANCE CRITERIA (NON-USE)

- d. Whether it is feasible for the applicant to pursue a method, other than a variance, to obviate the practical difficulty.

No, a variance will not be required in this particular circumstance.

- e. Whether the interests of justice will be served by allowing the variance, in view of the manner in which the practical difficulty arose in consideration of all of the above factors.

Yes, fairness and improvement will be served by allowing the variance.

- f. Conditions of the land in question, and not conditions personal to the landowner. (The Board will not consider evidence of the applicant's or landowner's personal financial hardship unrelated to any economic impact on the land.)

The variance requested pertains to removing an existing home and building a brand new home. The existing home is nearly 100 years old and will be replaced with a brand new home.
