Recommendation: With the conditions of approval below and contained in the staff report, the application meets the requirements of the UDO and DCM (Design and Construction Manual).

1. Development shall be in accordance with the preliminary development plan with an upload date of June 14, 2022, and building elevations with dated May 10, 2022.
2. Allowed uses in the development shall be limited to those outlined in the Project Use Description Chart dated May 10, 2022.
