Additional Discussion of 2017 CIP Sales Tax Project Priorities

Issue/Request:
Priorities need to be established to capture projects in the 2019-2024 CIP document that is being revised now.

Key Issues:
Staff has prepared three options for PWC to review.

Background:
Staff has been working with PWC to prioritize the projects to be funded by the CIP Sales Tax renewal approved by voters in April 2017. Staff presented a fiscally restrained proposal to the Committee at the March 20 meeting. PWC members requested some other options to consider that would accelerate certain projects. Three options have been included in this presentation.

Impact/Analysis:
Failure to finalize priorities will delay competion of the CIP document that must be adopted for 2019.

Presenter: Dena E. Mezger, P.E.
