(NOTE: First reading - City Council - August 24, 2017.)

Key Issues:

- The water towers at Woods Chapel, Scherer, Ranson and Hook Road have been identified for coating replacement.
- Each tower will be inspected to determine the extent of the coating replacement needed at each site.
- Once inspections are completed and specifications developed, it is anticipated the project will be bid for construction this coming year.

The WU Equipment Replacement Program will fund the project.
