An Ordinance amending Article I. In General., of Chapter 12. Elections., of the Code of Ordinances of the City of Lee's Summit, Missouri, by enacting a new Section 12-4 Use of City Staff and resources prior to an election., to generally prohibit participation by staff, expenditure of City funds, and use of City resources related to any district specific forum from and after February 1 of any year in which a General Municipal Election is to be held. (Rules Committee 11/1/18)

At its September meeting the City Council Rules Committee asked that staff provide some draft language related to the possibility of restricting certain types of communications and forums in the period prior to a City Council election. Specifically the Committee was seeking language that would prevent Councilmembers from conducting a public forum specific to an individual City Council District. At its meeting on November 1, 2018 staff presented a draft ordinance that would prohibit staff from appearing in official capacity at a district forum beginning on February 1 in any year that a municipal election will be held. The ordinance also prohibits any city resources, equipment or funds to be used in support of the forum. Finally, staff members may attend in their personal capacity but cannot be asked to provide information on behalf of the City at any such forum. After discussion the Committee recommended approval by a vote of 4-0.
