Presentation: Review of Public Service Agreements

Issue/Request:

The Mayor and City Council requested the City Manager to schedule time to review and discuss the Public Service Agreements (PSA's). Attached to this packet are the current PSA's which are all up for renewal and set to expire on June 30, 2020.

Key Issues:

The City currently has seven PSA's amongst five "community partners" which have been summarized in an attachment to this packet. Five of the seven PSA's receive funding from the Business and Industry Tax while two of the PSA's with the Downtown Lee's Summit Community Improvement District contributes funding to the City for services that are shared between the City and the Community Improvement District.

The current Ordinance and PSA for each of the 7 PSA's have been attached to this packet for review.

Proposed City Council Motion:

No motion prepared - for discussion purposes

Background:

In 1998 citizens voted to impose an occupational license tax on certain gross receipts of hotels, motels and similar places of business within Lee's Summit. The pertinent ordinances from what is commonly referred to as the "Business and Industry Tax" are also attached to this packet for background information (Ordinance No's. 4560, 4599 and 4611).

Impact/Analysis:

Attached to this packet is a historical financial summary of the Business and Industry Fund.

Prior to FY2019, Community Branding/Marketing activities provided through the Chamber of Commerce was funded through the City's general fund as follows:

FY 2013 - \$80,000

FY 2014 - \$131,000

FY 2015 - \$126,000

FY 2016 - \$126,000

FY 2017 - \$126,000

FY 2018 - \$157,500

Steve Arbo, City Manager
