Continued Storm Water Program Discussion

Issue/Request:

Key Issues:

Presentation and Discussion will include:

- Comparison of three program scenarios
- Capital improvement program
- Potential funding sources
- User fee determinations
- Revenue projections
- Administrative concerns
- Policy Issues
- Schedule
- Next steps

Proposed City Council Motion:

Background:

The Public Works Committee is evaluating alternatives to address deferred maintenance, regulatory compliance, and capital improvement projects on the stormwater system serving Lee's Summit. This presentation provides additional information to the PWC in the evaluation process.

Impact/Analysis:

Timeline:

Other Information/Unique Characteristics:

Scott Edgar, Senior Staff Engineer
