**File #:** BILL NO. 20-05, **Version:** 1

---

An Ordinance authorizing and directing the issuance of \$9,055,000 principal amount of General Obligation Bonds, Series 2020A, and authorizing certain other documents and actions by the City.

(Note: First reading by City Council was done on January 7, 2020. Passed by unanimous vote.)

City Council Motion:

I move for adoption of an Ordinance authorizing and directing the issuance of \$9,055,000 principal amount of General Obligation Bonds, Series 2020A, and authorizing certain other documents and actions by the City.

Key Issues:

The voters of the City of Lee's Summit on August 6, 2019, approved the issuance of \$19,475,000 of general obligation bonds for the purpose of acquiring land, making certain improvements and acquiring equipment for public safety purposes including (a) the acquisition, construction, furnishing and equipping of a new fire station and the purchase of associated apparatus to replace Fire Station No. 4, (b) the acquisition, construction, furnishing and equipping of a new fire station to replace Fire Station No. 5, (c) the acquisition and installation of new police automobile video systems and police body-worn camera systems, (d) renovations and improvements to enhance facility security, public access, customer service and operational efficiency in the Police and Courts Municipal Building and (e) purchasing and installing new infrastructure to renovate, improve and upgrade the City's wireless and fiber optic communications network among City Hall and other City facilities.

The City has decided to proceed with the issuance of \$9,055,000 of those general obligation bonds to finance a portion of the costs of the improvements leaving a balance of \$10,760,000 of authorized but unissued bonds for future use. For this issuance, a private placement method has been selected based on the research and advice of the City's financial advisor, Columbia Capital Management. The interest rate on the bonds has been locked in at a fixed annual rate of 1.89% assuming that the closing occurs on or before January 22, 2020. The final maturity for the bond series is April 1, 2023.

The maturity structure of the bond issue has been designed to maintain the City's current debt levy of \$ .4697 per hundred dollars assessed valuation.

Recommend to approve the Ordinance authorizing and directing the issuance of \$9,055,000 principal amount of General Obligation Bonds, Series 2020A, and authorizing certain other documents and actions by the City.

Bette Wordelman, Finance Director
