Proposed City Council Motion:

I move for second reading of an ordinance Approving the Bylaws for the Lee's Summit Visitor's Bureau a Missouri non-profit 501(c)(6) Corporation in Lee's Summit, Missouri.

Background:

In 2022, the City commissioned a study that was guided by a community partner planning group (Chamber, DLSMS, EDC, and City staff) that included broad stakeholder involvement to determine if the community needed and could sustain a Destination Marketing Organization (DMO) and if it could what would be the ideal governance of that DMO. The study determined that a DMO was feasible and could have great impact on visitor traffic and related economic development. It was recommended that the DMO be organized as a 501(c)6 non-profit organization with board that included industry representatives and community partner representatives. The next steps were for the City to create agency which would involve drafting of bylaws by the community planning group, approval of bylaws filing for 501(c)6 status, and the appointment of the DMO Board.

The City continued its relationship with Northstar and Tourism Expert John Whisenant to assist with the initial formation steps above, as well as, the initial work of the Board. This will include Board development of a Tourism Plan and Strategic Plan, as well as, an initial Financial, Staffing, and Space plans.
