Proposed Committee Motion:

I move to recommend to City Council for approval of an Ordinance authorizing execution of an Ordinance approving Modification No. 7, to the agreement with Crawford, Murphy and Tilly, Inc. for On-Call Professional Planning & Engineering Services for the airport (RFQ No. 2020-067) in the amount of \$353,000.00, and authorizing the City Manager to execute an agreement for the same.

Background:

As part of Phase I of the LXT Master Plan Update (MPU), a preferred alternative was presented for the development of the east side of the airfield. The preferred airfield alternative is the product of several planning efforts such as the forecast of aviation demand and the assessment of the need for future aeronautical and non-aeronautical facilities at LXT. Additionally, the preferred airfield alternative is the result of continuous communication, coordination, and workshops between the Airport, the consulting team, the City of Lee's Summit, and various Airport stakeholders. This modification will provide for the construction engineering services associated with the construction of the Site Development - East Side Terminal Area and Hangar 2 Projects, which are both included in FY24 Capital Improvement Plan.
